Re: Advisory Committee on Online Access and Security --
Nomination P004807

Ladies and Gentlemen:

Christopher Wolf has been nominated to serve on the Advisory Committee on Online Access and Security. I am writing to support his nomination.

Chris is a leader in the field on Internet law, and is well-known for his work on privacy issues. He brought one of the leading cases involving an ISP's disclosure to the federal government of personal electronically-submitted information, and he has been active in counseling online businesses with respect to privacy issues, here and abroad.

Chris is a thoughtful person, and will offer constructive input ideas to the group. I think he would be an outstanding member of the group, and I urge his appointment.

Sincerely yours,

Jack Krumholtz
Director of Federal Government Affairs
Senior Corporate Attorney
