Participants of the Citizen's Health Care Working Group
c/o 7201 Wisconsin Ave., Ste 575
Bethesda, MD 20814

Dear Friends,

Thank you for taking the time to participate in the Citizen's Health Care Working Group. Your input is valuable to our efforts to make health care more accessible and affordable for all Americans.

The President and Congress created this working group to get your recommendations on the future of health care delivery in the United States. Many of the best ideas for improving health care come from health care consumers, advocates and providers. That is why your participation today is so important and will be given close consideration by the President and Congress as we move forward.

I look forward to hearing about your discussion and working with you in the months ahead.

Warm regards,

Gordon H. Smith
United States Senator
