

Citizens' Health Care Working Group

HEALTH CARE
THAT WORKS FOR ALL
AMERICANS

* * * YOU ARE INVITED * * *

The Citizens' Health Care Working Group invites you to
HELP MAKE HEALTH CARE WORK FOR ALL AMERICANS

Date: October 6, 2005

Time: 9:00 am

Location: Room 325, Russell Senate Office Building

It's time to do something about health care. The President and Congress have asked the Citizens' Health Care Working Group to engage Americans in developing solutions to make *Health Care Work for All Americans*. The input received by individuals will become a roadmap that the President is required to respond to and that Congress will hold hearings on. To start this national effort, The Citizens' Health Care Working Group will be releasing *The Health Report to the American People*.

Please join the Working Group Members, Senator Orrin Hatch (R-UT), and Senator Ron Wyden (D-OR), in inviting the American people to do what has never been done before - to be part of a national effort to find solutions that will make *Health Care Work for All Americans*.

The Citizens' Health Care Working Group is asking Americans:

- What health care services and benefits should be provided?
- How do you want health care delivered?
- How do you think health care coverage should be financed?
- What trade-offs are you willing to make in either benefits or financing to ensure access to affordable, high quality health care coverage and services?

Please join us in this unprecedented citizens' initiative.

**Help us find solutions that lead to
*Health Care That Works For All Americans.***

To RSVP, or to receive more information on how to involve your organization or group, contact Jessica Federer at 301.443.1521 or jfederer@ahrq.gov.

Media inquires should be directed to Connie Smith, 301.443.1592 or csmith@ahrq.gov.
