

1 DR. KELLY: The next one was recommendation 7.22.

2 Perhaps I could read that. It's very straight forward.

3 CHAIRPERSON JAMES: Why don't you do this. Why don't
4 you help us figure out where to find it.

5 DR. KELLY: Actually this wouldn't be in your papers.
6 This was in the old list of recommendations. May I could explain.

7 CHAIRPERSON JAMES: Is that in the briefing book, the
8 list of recommendations?

9 DR. KELLY: I'm not sure if 7.22 is there. Perhaps I
10 could explain, Madam Chair. This is the one that says that the
11 Commission would recommend that all gambling operations adopt the
12 language from the AGA material on the matter of unattended
13 children and minors, and that was withdrawn and you stated that
14 you would look into putting that in the text. I believe that has
15 been done.

16 CHAIRPERSON JAMES: Right. So there's really no motion
17 or no action on this one. Next?

18 DR. KELLY: Lastly we have the --

19 COMMISSIONER WILHELM: Excuse me. I apologize. I
20 certainly defer to the Chair or the majority if I'm not
21 remembering that right. I remember that a little bit different.
22 What I thought I remembered about that one was not that we were
23 going to ditch it and just leave it for the text, but rather that
24 out of deference to the consensus that developed, that we weren't
25 going to be sticking in the names of particular groups.

26 CHAIRPERSON JAMES: That's correct.

27 COMMISSIONER WILHELM: We were going to rewrite that
28 one to include the content of the referenced material and still
29 make it a recommendation. That was my recollection.

1 CHAIRPERSON JAMES: Mine as well, John.

2 DR. KELLY: I believe that has been done in Chapter 7,
3 but perhaps we should check.

4 CHAIRPERSON JAMES: No, but there should be a
5 recommendation.

6 COMMISSIONER WILHELM: That was my recollection. It's
7 a terrible important issue, as we all agree.

8 CHAIRPERSON JAMES: Let's see if we can table that one
9 and work on that.

10 DR. KELLY: We can check the transcript.

11 CHAIRPERSON JAMES: We don't need to check the
12 transcript, we're just going to do it.

13 COMMISSIONER WILHELM: Write a recommendation that
14 includes the substance of the referenced AGA material without
15 referring to the AGA material.

16 CHAIRPERSON JAMES: I'll bet Judy would help you do
17 that. Next?

18 DR. KELLY: Lastly, for the Chapter 8 recommendations,
19 Nos. 8.18 to 8.74, the last 56 which were remanded to the research
20 subcommittee.

21 CHAIRPERSON JAMES: What was that again?

22 DR. KELLY: It was Recommendations 8.18 to 8.74.
23 They're not in the briefing book. These were remanded to the
24 research subcommittee to review --

25 COMMISSIONER McCARTHY: Madam Chair?

26 DR. KELLY: I'm sorry, for recommendations.

27 COMMISSIONER McCARTHY: Can you give us some breathing
28 room? I think the three of us are close on making
29 recommendations. I don't want to predict that.

1 CHAIRPERSON JAMES: My understanding is this is the
2 last of the old business from the last meeting. Our intention was
3 to take a break at this point so that we could do several things.
4 One is -- well, we do need to do new recommendations as well.
5 One is so that we can get all of the substantive edits for the
6 documents done, as well as pass them out among the
7 Commissioners and give them the opportunity to review them.

8 How many new recommendations are now in for us to
9 consider? We've done the old ones. How many totally new
10 recommendations are there? I know different commissioners have --
11 Dr. Dobson had two. Were there others? Commissioner Leone had
12 two. Are there any others? These were just new recommendations,
13 not substantive edits. New recommendations? Do you remember in
14 the memo I said if there's an area that you see and you want to
15 offer a new recommendation, that I encouraged people to keep it to
16 one or two, no more than that. We talked about that at the end of
17 the meeting. So as far as I know, there are only four new
18 recommendations to consider at this point.

19 COMMISSIONER WILHELM: Madam Chair, since you offer up
20 one, I reserve my right to one.

21 CHAIRPERSON JAMES: We asked that you submit them in
22 writing so that Commissioners could review them. Tim, when did
23 they go out, by the way?

24 DR. KELLY: They're in the materials that we're about
25 to distribute.

26 CHAIRPERSON JAMES: Let's do this. Let's distribute
27 those recommendations. We're going to take a 30-minute break,
28 give people the opportunity to review those documents, as well as
29 to line up the substantive edits for the documents for this

1 afternoon.
