12-47.1-401 - Conflict of interest.

(1) Members of the commission and employees of the division are declared to be in positions of public trust. In order to ensure the confidence of the people of the state in the integrity of the division, its employees, and the commission, the following restrictions shall apply:

(a) No member of the commission, an ancestor or descendant of a member, including a natural child, child by adoption, or stepchild, or a brother or sister of the whole or half blood of a member, or an uncle, aunt, nephew, or niece of the whole blood of a member, shall have any interest of any kind in a license issued pursuant to this article or own or have any interest in property in any county where limited gaming is permitted. The provisions of this paragraph (a) shall apply to spouses of commission members in like fashion as to members.

(b) No member of the commission or employee of the division, including the director, and no member of the immediate family of a member or employee of the division, shall have any interest, direct or indirect, in any licensee, licensed premises, establishment, or business involved in or with limited gaming. Further, no such person shall own, in whole or in part, property in the cities of Central, Black Hawk, or Cripple

Creek; except that employees of the division assigned to work regularly in Gilpin or Teller county may live with their families in those counties, and may own private property therein for residential purposes, with commission approval.

(c) No member of the commission or employee of the division, including the director, and no member of the immediate family of a member of the commission or employee of the division, shall receive any gift, gratuity, employment, or other thing of value from any person, corporation, association, or firm that contracts with or that offers services, supplies, materials, or equipment used by the division in the normal course of its operations, or which is licensed by the division or the commission; except that such persons may accept on an infrequent basis in the normal course of business such nonpecuniary items of insignificant value as shall be allowed by the director and as shall be specified by the commission by rule and regulation.

(d) No member of the commission or employee of the division, including the director, and no member of their immediate families, shall participate in limited gaming.

(1.5) Notwithstanding the provisions of subsection (1) of this section, the commission may, by rule, determine that an ownership interest of no more than five percent held by or through an institutional investor fund does not constitute an interest under paragraphs (a) and (b) of subsection (1) of this section.

(2) For purposes of investigating violations of this article, the provisions of paragraphs (c) and (d) of subsection (1) of this section shall not apply to an employee of the division acting in his official capacity while on duty.

12-47.1-501 - Licenses - types.

(1) The commission may issue five types of licenses as follows:

(a) Slot machine manufacturer or distributor. A slot machine manufacturer or distributor license is required for all persons who import, manufacture, or distribute slot machines in this state, or who otherwise act as a slot machine manufacturer or distributor. Each license issued pursuant to this paragraph (a) shall expire one year from the date of its issuance but may be renewed upon the filing and approval of an application for renewal. The fee for the initial license and all renewals thereof shall be determined by the commission pursuant to rule and regulation.

(b) Operator license. (I) An operator license is required for all persons who permit slot machines on their premises or who engage in the business of placing and operating slot machines on the premises of a retailer. Each license issued pursuant to this paragraph (b) shall expire one year from the date of its issuance but may be renewed upon the filing and approval of an application for renewal. The fee for the initial license and all renewals thereof shall be determined by the commission pursuant to rule. A licensed operator shall obtain slot machines only from a licensed manufacturer or distributor.

(II) This paragraph (b) shall not apply to persons holding retail gaming licenses issued pursuant to paragraph (c) of this subsection (1).

(c) Retail gaming license. A retail gaming license is required for all persons permitting or conducting limited gaming on their premises. A retail gaming license may only be granted to a retailer. Each person licensed as a retailer shall have and maintain sole and exclusive legal possession of the entire premises for which the retail license is issued. Each license issued pursuant to this paragraph (c) shall expire one year from the date of its issuance but may be renewed upon the filing and approval of an application for

renewal. The fee for the initial license and all renewals thereof shall be determined by the commission pursuant to rule and regulation.

(d) Support license. A support license is required for all persons employed in the field of limited gaming and by all gaming employees. No person required to hold a support license shall be an employee of, or assist, any licensee until such person obtains a valid support license. Persons licensed as key employees need not obtain support licenses. The commission may deny a support license to any person discharged for cause from employment by any licensed gaming establishment in this or any other country. Each license issued pursuant to this paragraph (d) shall expire two years from the date of its issuance but may be renewed upon the filing and approval of an application for renewal. The fee for the initial license and all renewals thereof shall be determined by the commission pursuant to rule.

(e) Key employee license. Every retail gaming licensee shall have a person in charge of all limited gaming activities available at all times when limited gaming is being conducted. Such person in charge shall hold a key employee license. Each license issued pursuant to this paragraph (e) shall expire two years from the date of its issuance but may be renewed upon the filing and approval of an application for renewal. The fee for the initial license and all renewals thereof shall be determined by the commission pursuant to rule.

12-47.1-503 - Key employee - determination of status.

If, in the determination of the commission, an employee of a licensee for limited gaming is a key employee and as such is subject to licensure, the commission shall serve notice of such determination upon the licensee who employed such key employee. In determining whether or not an employee is a key employee, the commission is not restricted by the title of the job performed by such employee but may consider the functions and responsibilities of such employee in making its decision. The licensee shall, within thirty days following receipt of the notice of the commission's determination, present the application for licensing of such employee to the commission or provide documentary evidence that such employee is no longer employed by the licensee. Failure of the licensee to respond as required by this section is grounds for disciplinary action. A person subject to application for licensing as a key employee may make written request to the commission to review its determination of such person's status within the gaming organization. If the commission determines that the person is not a key employee, such person shall be allowed to withdraw his application and continue in his employment. The request by an employee for review of his employment status does not stay the obligation of the licensee to present such employee's application to the commission within the thirty-day period prescribed by this section.

12-47.1-504 - Licenses - revocable - nontransferable.

Every license issued pursuant to this article is revocable and nontransferable. No licensee acquires any vested interest or property right in a license. The gaming licenses issued pursuant to this article are only for the particular location initially authorized. The revocable privilege for any license issued or other approval granted is conditioned upon the proper and continuing qualification of the licensee or registrant and upon the discharge of the affirmative responsibility of each such licensee or registrant to provide to the regulatory, investigatory, and law enforcement authorities any assistance and information necessary to assure that the policies and requirements of this article are achieved.

12-47.1-505 - Operator, slot machine manufacturer or distributor, key employee, support licensee, or retailer - qualifications for licensure.

Prior to a person's licensure as an operator, slot machine manufacturer or distributor, key employee, support licensee, or retailer, such person shall, in addition to meeting any other requirements imposed by this article, the commission, or any rule or regulation promulgated pursuant to this article, show that he is of good moral character. Such person has the burden of proving his qualifications to the satisfaction of the commission. Such person shall submit to and pay for any background investigations as may be ordered by the commission. All such payments shall be deposited into the limited gaming fund.

12-47.1-506 - Considerations for licensure.

In considering whether a person is of good moral character for purposes of issuing any license pursuant to this article, or for any other purposes, the commission may, in addition to all other information, consider whether that person has been denied a gaming license by this or any other jurisdiction, city, state, or country, or whether the person has ever had a gaming license in this or any other jurisdiction, city, state, or country suspended or revoked. The commission may also consider whether a person has ever withdrawn an application for any type of gaming license anywhere and the reasons for such withdrawal.

12-47.1-507 - Temporary or conditional licenses.

The commission may issue temporary or conditional licenses for up to a maximum of six months, or shorter periods, with respect to all licenses authorized under this article.

12-47.1-508 - Delegation of authority to issue certain licenses.

The commission may delegate to the division the authority to issue permanent and temporary support and key employee licenses, but the commission shall review and approve the issuance of all other licenses issued pursuant to this article.

12-47.1-510 - License - disqualification - criteria.

(1) The commission shall deny a license to any applicant who is disqualified for licensure on the basis of any of the following criteria:

(b) Failure of the applicant to provide information, documentation, and assurances required by this article or requested by the commission, failure of the applicant to reveal any fact material to qualification, or the supplying of information which is untrue or misleading as to a material fact pertaining to the qualification criteria;

(c) Conviction of the applicant, or any of its officers or directors, or any of its general partners, or any stockholders, limited partners, or other persons having a financial or equity interest of five percent or greater in the applicant, of any of the following:

(IV) Service of a sentence upon conviction of any gambling-related felony or felony involving theft by deception in a correctional facility, city or county jail, or community correctional facility or under the supervision of the state board of parole or any probation department, notwithstanding the provisions of section 24-5-101, C.R.S.;

(d) Current prosecution or pending charges in any jurisdiction against the applicant, or against any person listed in paragraph (c) of this subsection (1), for any of the offenses enumerated in paragraph (c) of this subsection (1); except that, at the request of the applicant or the person charged, the commission shall defer decision upon such application during the pendency of such charge;

(e) The identification of the applicant or any person listed in paragraph (c) of this subsection (1) as a career offender or a member of a career offender cartel or an associate of a career offender or a career offender cartel in such a manner which creates a reasonable belief that the association is of such a nature as to be inimical to the policy of this article and to gaming operations. For purposes of this section, "career offender" means any person whose behavior is pursued in an occupational manner or context for the purpose of economic gain, utilizing such methods as are deemed criminal violations of the public policy of this state. For purposes of this section, "career offender cartel" means any group of persons who operate together as career offenders.

(f) Refusal to cooperate by the applicant or any person who is required to be qualified under this article with any legislative investigatory body or other official investigatory body of any state or of the United States when such body is engaged in the investigation of crimes relating to gaming, official corruption, or organized crime activity;

(g) The applicant, or any of its officers or directors, or any of its general partners, or any stockholders, limited partners, or other persons having a financial or equity interest of five percent or greater in the applicant is or has been a professional gambler as that term is defined in article 10 of title 18, C.R.S.

12-47.1-511 - Applicants and licensees - providing information.

(1) All applicants for licenses issued by the commission, and all persons holding such licenses, including all persons interested, directly or indirectly, in the gaming business or license held by an applicant or licensee, shall upon request by the commission or division provide fingerprints and handwriting exemplars, and each such person shall allow himself or herself to be photographed in accordance with procedures established by the commission.

(2) Upon issuance of a formal request or subpoena by the commission to answer or produce information, evidence, or testimony, each applicant and licensee shall comply with the request or subpoena. Where an applicant or licensee, or any employee or person interested, directly or indirectly, in either refuses or fails to comply with a commission request or subpoena, then that person's license or application may be suspended, revoked, or denied, based solely upon such failure or refusal.

12-47.1-512 - Application - fee - waiver of confidentiality.

(1) The commission may establish investigation and application fees for the purpose of paying for the administrative costs of the commission and for paying for any background investigations of applicants and others. These fees may vary depending on the type of application, the complexity of the investigation, or the costs of the commission in reviewing the matters involved.

(2) The application form created by the commission shall include a waiver of any right of confidentiality and a provision which allows the information contained in the application to be accessible to law enforcement agents of this or any other state, the government of the United States, any foreign country, or any Indian tribe. The waiver of confidentiality shall extend to any financial or personnel record, wherever maintained.

12-47.1-513 - Supplier of licensee - licensure requirements.

(1) Except as otherwise provided in subsection (2) of this section, any person supplying goods, equipment, devices, or services to any licensee in return for payment of a percentage, or calculated upon a percentage, of limited gaming activity or income must obtain an operator license or must be listed on the retailer's license where such limited gaming will take place.

(2) A licensed slot machine manufacturer or distributor need not obtain an operator's license or be listed on a retailer's license for purposes of establishing and administering a fund associated with a multiple-property, linked, progressive slot machine system as defined by the commission, so long as all of the following conditions are met:

(a) The manufacturer or distributor shall deposit in the fund and shall account, subject to supervision by the commission, for those moneys derived from wagering in machines linked to the system which are due to the manufacturer or distributor pursuant to its agreement with the retail licensee.

(b) The manufacturer or distributor shall maintain a separate account for the fund associated with each progressive system.

12-47.1-515 - License - grounds for approval or denial.

The commission may approve or deny any application for a license, in addition to all other conditions and requirements set forth in this article and the rules and regulations promulgated pursuant thereto, on the basis of whether it deems the applicant a suitable person to hold the license applied for and whether it considers the proposed location, retail floor plan, or any other conditions suitable. Refusal of an applicant to provide all information requested by the commission or to allow investigation into the applicant's background is grounds for denial of a license. (2) To determine whether a license shall be granted, the commission shall have the right to examine the financial and other records of the applicant and to compel the production of records and documents.

(3) The commission has discretion to grant or deny a business license if it finds that any applicant or any of the directors, officers, or original stockholders of a corporate applicant have violated any of the provisions of this article or any rules of the commission, or failed to pay any of the sums required under this article, or as it determines, from such application, the character, financial ability, and experience of each individual applicant or the officers and director of each corporate applicant to be for the best interests of the state and the racing industry.

(4) When conducting investigations pursuant to this section, to the extent possible, the commission shall utilize investigative information of other state racing jurisdictions. The commission may investigate an existing licensee who is seeking to acquire ownership of another existing license.

(5) Any unexpired license held by any person who has been convicted by the commission of violating any of the provisions of this article or any rule of the commission, or who has willfully or fraudulently made any false statement in any application for a license, or who fails to pay to the commission any and all sums required under the provisions of this article is subject to cancellation or revocation by the commission.

(6) The commission shall have the power to issue subpoenas for the appearance of persons and the production of documents and other things in connection with applications before the commission or in the conduct of investigations.

12-60-505 - Meet licenses.

(1) Every initial application for a license to hold race meets under this article shall be made under oath and shall be filed with the commission on or before a day fixed by the commission and shall set forth the time, the place, and the number of days such meet shall continue; the kind of racing proposed to be conducted; the full name and address of the applicant and, if a corporation, the names and addresses of all of its officers and directors and all of the holders of each class of its stock and the amount of stock of each class so owned by each stockholder; the location of the racetrack and whether the same is

owned or leased; the names and residences of the owners of all property leased by such applicant; a statement of the assets and liabilities of such applicant; a description of the qualifications and experience of the applicant if an individual or of its officers and directors if a corporation; a full disclosure of all holding or intermediary companies associated with the applicant, as well as their shareholders, all contracts that relate to the race meet, audited balance sheets of corporate applicants, excluding nonprofit associations, and the terms and conditions of all contracts by which the applicant has received credit; a description of the land uses within a radius of two miles of the establishment in which such race meet is proposed to be conducted; and such incidental information as the rules of the commission may require in connection with the application.

(2) Upon the filing of such application, the commission shall fix a date for a hearing on the application, and said applicant shall give public notice of the time and place of such hearing by publication in one issue of a daily or weekly newspaper of general circulation in the area in which it is proposed to conduct such race meet and by posting on the site of such proposed race meet a notice, in form and size to be determined by the commission, that such application has been filed and the date and place of the hearing thereon. At the time and place mentioned in said notice, the commission shall conduct a public hearing at which evidence for and against the granting of the application may be presented.

(3) Except as otherwise limited by the provisions of this article, in considering an application for a license under this section, the commission may give consideration to the number of licenses already granted, and to the location of tracks previously licensed, and to the sentiments and character of the community in which the proposed race meets are to be conducted, and to the ability, character, and experience of each individual applicant or the officers and directors of each corporate applicant. The commission may require of every applicant for a license to hold a race meet, except a public nonprofit association, nonprofit corporation, or nonprofit fair, including the Colorado state fair and all county fairs, who has not, within five years prior to making an application for a license to hold a race meet, operated a race meet in the county, city, or city and county in which it is proposed to hold such race meet, a recommendation in writing of the board of county commissioners of said county in the event the race meet is to be held in unincorporated areas of said county or of the governing board of a city or city and county if the proposed race meet is to be held within a city or city and county. The commission may take such recommendation into consideration before granting or refusing such licenses. The commission may deny a license to operate a new racetrack to a person who is already licensed to operate a racetrack within this or any other state if, in the opinion of the commission, the granting of such license would discourage legitimate competition from other qualified applicants. The commission shall investigate any applicant and shall require the applicant to pay the actual

cost of investigating the application as part of the fees and costs imposed pursuant to section 12-60-506. The applicant shall advance the moneys necessary for the investigation to the commission, and the commission shall return any unused portion of such moneys to the applicant at the conclusion of the commission's investigation. The advance of such moneys may either be made directly to the commission or the moneys may be deposited into escrow in a manner approved by the commission.

(4) The commission may grant or refuse licenses to conduct race meets under this article as it determines, from such application, the character, financial ability, and experience of each individual applicant or the officers and directors of each corporate applicant, the sentiments of the community and the character of the area wherein it is proposed to conduct such race meets, and the evidence presented at such hearing, to be for the best interests of the state, the racing industry, and the area in which it is proposed to conduct such race meets.

(5) The commission has discretion to grant or deny a race meet license if it finds that any applicant has, or any of the directors, officers, or original stockholders of a corporate applicant have, violated any of the provisions of this article or any rules of the commission or failed to pay any of the sums required under this article.

(6) Every license issued under this article shall specify the number of days said licensed race meet shall continue and the number of races per day. No license shall be granted to any individual who is not a bona fide resident of Colorado nor to any foreign corporation. Every applicant shall agree that, if granted a license under this article, such applicant will not thereafter sell, mortgage, or otherwise pledge or dispose of any of the assets listed and described on the application for a license or a renewal license without thirty days' prior notice to the commission, which may approve or disapprove the disposition of assets upon good cause shown. The charter of all corporate applicants shall contain a provision that, when a cumulative ten percent or more of the voting stock of such corporation is to be sold, mortgaged, or otherwise pledged or transferred, thirty days' prior notice shall be given to the commission. The corporation shall pay an investigation fee to the commission as part of the fees and costs imposed pursuant to section 12-60-506. The commission shall approve or disapprove of the disposition of such stock, upon good cause shown, within ninety days of such filing of a completed application for transfer. The commission has the power to ascertain if any capital stock of any corporate applicant or licensee is held with the intent to mislead or deceive the commission for an undisclosed principal. The involvement of an undisclosed principal shall be grounds for the denial, suspension, or revocation of a license.

(7) Upon petition by the licensee and a finding by the commission that it is impossible or impractical for a licensee, because of fire or act of God or other unforeseeable emergency not caused or participated in by the licensee, to conduct a

race meet upon the dates allocated or upon a racetrack designated by the commission to the licensee, other dates and locations may be substituted and granted to the licensee. A licensee so petitioning may be granted the right to lease and utilize any other licensee's facilities for the term of the petitioning licensee's annual permit or any portion thereof, but said grant shall not be construed to allow any licensee more days of racing in any year than are prescribed by this article.

(8) When conducting investigations pursuant to subsections (3) and (6) of this section, to the extent possible, the commission shall utilize investigative information of other state racing jurisdictions. The commission may investigate an existing licensee who is seeking to acquire ownership of another existing license to conduct race meets.

12-60-506 - Application - fee - waiver of confidentiality.

(1) In connection with the issuance of licenses or registrations, the commission shall establish investigation and application fees.

(2) The application form created by the commission shall include a waiver of any right of confidentiality and a provision which allows the information contained in the application to be accessible to law enforcement agents of this or any other state or the government of the United States. The waiver of confidentiality shall extend to any financial or personnel record, wherever maintained.

12-60-507 - Investigation - denial, suspension, and revocation actions against licensees - unlawful acts.

(1) The commission upon its own motion may, and upon complaint in writing of any person shall, investigate the activities of any licensee or applicant within the state or any person upon the premises of a track. In addition to its authority under any other provision of this article, the commission may issue a letter of admonition to a licensee, fine a licensee, suspend a license, deny an application for a license, or revoke a license, if such person has committed any of the following violations:

(a) Disregarding or violating any provision of this article or any rule promulgated by the commission in the interests of the public and in conformance with the provisions of this article;

(b) Been convicted of, or entered a plea of guilty or nolo contendere to, a criminal charge under the laws of this or any other state or of the United States, or entered into a plea bargain for acts or omissions that, if committed in Colorado, would

have been grounds for discipline in this state. A certified copy of the judgment of the court in which any such conviction occurred shall be presumptive evidence of such conviction in any hearing under this article. This paragraph (b) shall be applied in accordance with section 24-5-101, C.R.S.

(c) Current prosecution or pending charges in any jurisdiction against the applicant, or any of its officers or directors, or any of its general partners, or any stockholders, limited partners, or other persons having a financial or equity interest of five percent or greater in the applicant, for any felony; except that, at the request of the applicant or the person charged, the commission shall defer decision upon such application during the pendency of such charge;

(d) Fraud, willful misrepresentation, or deceit in racing;

(e) Failure to disclose to the commission complete ownership or beneficial interest in a racing animal entered to be raced;

(f) Misrepresentation or attempted misrepresentation in connection with the sale of a racing animal or other matter pertaining to racing or registration of racing animals;

(g) Failure to comply with any order or rulings of the commission, the stewards, the judges, or a racing official pertaining to a racing matter;

(h) Ownership of any interest in or participation by any manner in any bookmaking, pool-selling, touting, bet solicitation, or illegal enterprise;

(i) Employing or harboring unlicensed persons on the premises of a racetrack;

(j) Being a person, employing a person, or being assisted by any person who is not of good record or good moral character;

(k) Discontinuance of or ineligibility for the activity for which the license was issued;

(l) Being currently under suspension or revocation of a racing license in another racing jurisdiction, or having been subject to disciplinary action by the racing commission or equivalent agency of another jurisdiction for acts or omissions that, if committed in Colorado, would have been grounds for discipline in this state; except that this paragraph (l) shall not furnish the basis for the imposition of fines;

(m) Possession on the premises of a racetrack of:

(I) Firearms; or

(II) A battery, buzzer, electrical device, or other appliance other than a whip which could be used to alter the speed of a racing animal in a race or while working out or schooling;

(n) Possession, on the premises of a racetrack, by a person other than a licensed veterinarian of:

(I) A hypodermic needle, hypodermic syringe, or other similar device;

(II) Any substance, compound items, or combination thereof of any medicine, narcotic, stimulant, depressant, or anesthetic which could alter the normal performance of a racing animal unless specifically authorized by the commission veterinarian;

(o) Cruelty to or neglect of a racing animal;

(p) Offering, promising, giving, accepting, or soliciting a bribe in any form, directly or indirectly, to or by a person having any connection with the outcome of a race, or failure to report knowledge of such act immediately to the stewards, the judges, or the commission;

(q) Causing, attempting to cause, or participating in any way in any attempt to cause the prearrangement of a race result, or failure to report knowledge of such act immediately to the stewards, the judges, or the commission;

(r) Entering, or aiding and abetting the entry of, a racing animal ineligible or unqualified for the race entered;

(s) Willfully or unjustifiably entering or racing of any animal in any race under any name or designation other than the name or designation assigned to such animal by and registered with the official recognized registry for that breed of animal, or willfully soliciting, instigating, engaging in or in any way furthering any act by which any racing animal is entered or raced in any race under any name or designation other than the name or designation duly assigned by and registered with the official recognized registry for that breed of animal;

(t) Aiding or abetting any person in the violation of any rule of the commission;

(u) Racing at a racetrack without having a racing animal registered to race at that racetrack;

(v) Being on the premises of a racetrack for which the licensee is required to be licensed without being able to show proof of gainful employment at that racetrack.

(2) Any person who fails to pay within the time period established by rule a fine imposed pursuant to this article shall pay, in addition to the fine due, a penalty amount equal to the fine. Any person who submits to the department of revenue through the division a check in payment of a fine or license fee requirement imposed pursuant to this article, which check is not honored by the financial institution upon which it is drawn, shall pay, in addition to the fine or fee due, a penalty amount equal to the fine or fee. All moneys received pursuant to a penalty amount imposed by this subsection (2) shall be credited to the general fund of the state.

(3) Any person aggrieved by a final action or order of the commission may appeal such action to the Colorado court of appeals.

12-60-507.5 - License - mandatory disqualification - criteria.

(1) The commission shall deny a license to any applicant on the basis of any of the following criteria:

(a) Failure of the applicant to prove by clear and convincing evidence that the applicant is qualified in accordance with the provisions of this article;

(b) Failure of the applicant to provide information, documentation, and assurances required by this article or requested by the commission, failure of the applicant to reveal any fact material to qualification, or the supplying of information which is untrue or misleading as to a material fact pertaining to the qualification criteria;

(c) Conviction of the applicant, or any of its officers or directors, or any of its general partners, or any stockholders, limited partners, or other persons having a financial or equity interest of five percent or greater in the applicant, of any of the following:

(I) Any gambling-related offense or theft by deception;

(II) Any crime involving fraud or misrepresentation committed within ten years prior to the date of the application, notwithstanding the provisions of section 24-5-101, C.R.S.;

(d) Current prosecution or pending charges in any jurisdiction against the applicant, or against any person listed in paragraph (c) of this subsection (1), for any of the offenses enumerated in said paragraph (c); except that, at the request of the applicant or the person charged, the commission shall defer decision upon such application during the pendency of such charge.

12-60-508 - Hearings - review.

(1) Except as otherwise provided in this section, all proceedings before the commission with respect to the denial, suspension, or revocation of licenses or the imposition of fines shall be conducted pursuant to the provisions of sections 24-4-104 and 24-4-105, C.R.S.

(2) Such proceedings shall be held in the county where the commission has its office or in such other place as the commission may designate. The commission shall notify the applicant or licensee by mailing by first-class mail a copy of the written notice required to the last address furnished by the applicant or licensee to the commission.

(3) (a) The commission may delegate its authority to conduct hearings and impose discipline with respect to the denial or suspension of licenses or the imposition of a fine to the division, through its board of stewards or judges, or a hearing officer. Proceedings before the division, through its board of stewards or judges, or a hearing officer shall not be governed by the procedural or other requirements of sections 24-4-104 and 24-4-105, C.R.S., but rather shall be conducted in accordance with rules adopted by the commission.

(b) The commission may direct that any hearing be conducted before an administrative law judge appointed pursuant to part 10 of article 30 of title 24, C.R.S.

(4) The commission, the division, through its board of stewards or judges, and any hearing officer shall have the authority to administer oaths and affirmations, sign and issue subpoenas and order the production of documents and other evidence, and regulate the course of the hearing, pursuant to rules adopted by the commission.

(5) Any party aggrieved by a final order or ruling issued by the division, through its board of stewards or judges, or a hearing officer shall have a right to appeal such order or ruling to the commission, pursuant to procedural rules which shall be adopted by the commission. The aggrieved party may petition the commission for a stay of execution pending appeal to the commission.

12-60-509 - Liability insurance - bond for race meets.

(1) For the protection of the public and the exhibitors, contestants, and visitors, every person licensed to conduct a race meet under the provisions of this article shall carry public liability insurance in the form of a contract and with a company to be approved by the commission.

(2) An organization representing the majority of the owners of racing animals participating in any race meet may require the licensee conducting such race meet to provide and deliver to the commission evidence of a bond signed by a surety company authorized to do business in this state, in an amount sufficient to cover all awards and purses due to the contestants at such race meet and conditioned that said licensee will pay and discharge all obligations to said contestants in connection with the race meet.

(2.5) (a) Notwithstanding the provisions of subsection (2) of this section, every person licensed to conduct a race meet other than a horse race meet who has been licensed in this state for five consecutive years and who, during this period, has not had any actions on the bond or other evidence demonstrating a lack of financial responsibility required in subsection (2)

of this section may be exempted from the requirement to file such bond or other evidence of financial responsibility.

(b) If any actions are subsequently brought against the licensee, the commission may reinstate the requirement of a bond or any other evidence of financial responsibility meeting the requirements of section 11-35-101, C.R.S.

12-60-510 - Racing of standardbred harness horses.

(1) Notwithstanding any other provision of this article to the contrary, the commission shall grant licenses to conduct the racing of standardbred harness horses pursuant to the provisions of this article and in accordance with subsections (2) and (3) of this section.

(2) The licenses granted may be issued to conduct not more than three race meets in any one year at a racetrack specifically designed and used for the racing of no animals other than standardbred harness horses, but such race meets may not be held on the same dates as race meets authorized by the commission for animals other than standardbred harness horses that are held within forty miles of the track licensed for the racing of standardbred harness horses. In addition, licenses may be issued by the commission to conduct three race meets for the racing of standardbred harness horses in any one year at any racetrack at which horse race meets are held and which is not within forty miles of any other racetrack licensed for the racing of horses or the racing of standardbred harness horses.

(3) No tracks licensed for the racing of standardbred harness horses may be located within forty miles of one another, but such tracks may be located within forty miles of any track licensed for the racing of animals other than standardbred harness horses subject to the limitations in subsection (2) of this section.

(4) The provisions of subsection (3) of this section shall not restrict the right of a county to conduct extended standardbred harness horse race meets, upon being licensed by the state racing commission, at a county fairground if such race meets are not within fifteen miles of any race track licensed in Colorado for the racing of horses.

12-60-511 - Eligibility to operate race meets - renewal or revocation.

(1) (a) No person shall be eligible to operate a race meet under a license issued under the provisions of this article unless such person is the owner or controls the possession of a properly constructed racetrack suitable for the conduct of racing

and improved with safe and suitable grandstands, equipped with reasonably sanitary accommodations and also such accommodations, including track conditions, as the commission may require for the care and control of the animals racing at such meet, and also such other improvements as, in the opinion of the commission, may be required for the protection of the public, human and animal participants, and others likely to be present at such race meet. In consideration of the location of the track and other structures and erections and the probable capacity requirements to accommodate the crowd and the number of people that will reasonably be expected to occupy such grandstands and attend such race meets, a major racing operation license shall not be issued for the racing of horses at a class A track which is within forty miles of any other major racing operation licensed under this article for the racing of horses at a class A track; nor shall a major racing operation license be issued for the racing of horses at a class B track which is within forty miles of any other major racing operation licensed under this article for the racing of horses at a class B track. In no event shall any racing operation licensed under this article for the racing of horses at a horse track located within forty miles of the Colorado state fair and industrial exposition conduct race meets of horses on the same dates as the race meets of horses at the state fair.

(b) As used in paragraph (a) of this subsection (1), "major racing operation" means nonprofit corporations and commercial tracks conducting race meets which exceed fifteen racing days.

(2) A license shall not be issued for the racing of greyhounds within forty miles of any other racing operation licensed under this article for the racing of greyhounds. This provision shall not apply to races conducted by any state, county, or other fair association holding not more than one race meet annually for a period not exceeding six days.

(3) Applications for renewal of such license shall be filed with the commission on or before a day fixed by the commission and shall set forth the name of the applicant and if a corporation the names and addresses of its officers and directors with a list attached thereto of the names and addresses of all the holders of its stock, as of a date not more than thirty days prior to the filing of such application, and the amount of voting stock held by each stockholder. If any of its voting stock is known by any applicant to be registered in the name of a person not the actual owner thereof, such list shall also show the name and address of such actual owner.

(4) Said application shall set forth the proposed dates of race meets, the dates within such race meets on which the applicant intends to conduct racing at such meetings and the number of races intended to be run on such dates, and the address of the establishment where such meets are to be held and shall have attached thereto the most recent financial statement of the applicant as of a date not more than twelve months prior to the date of the application for renewal of such license. Such application shall also contain such other information as the rules of the commission may provide to ensure that

such licensee is conducting race meets in accordance with the provisions of this article and the rules of the commission. To determine whether an application for renewal of such license to conduct race meets shall be granted, the commission shall have the right to examine the financial and other records of the licensee, to compel the production of records and documents, to conduct hearings, to summon witnesses, and to administer oaths.

(5) (a) As soon as is practicable after the date fixed for the filing of applications for renewal, the commission shall meet and determine the granting or denial thereof. If the commission finds that the applicant has fully complied with the requirements and conditions for renewal, the application for renewal shall be granted, and the commission shall allot and assign to the respective applicants, in the manner stated in this subsection (5), dates for race meets and dates for racing within the race meet and the number of races on such dates.

(b) Except as otherwise provided in this article, in its sound discretion, the commission may allot different dates for race meets, different dates for racing within a race meet, and a different number of races on such dates from those requested in the application for renewal. In making such allotment of dates, the commission shall do so in its sound discretion and shall endeavor to allot to each applicant the dates requested in the respective applications so filed by the applicants, after giving due consideration to all factors involved, including the interests of the respective applicants and the public and the best interests of racing, and avoiding, whenever possible, conflicts in live greyhound race dates between greyhound tracks in the same circuit or a conflict in live horse race dates between class A tracks or between class B tracks located within fifty miles of each other; except that the commission may allot dates to a state, county, or other fair commission or association holding not more than one race meet annually for a period not exceeding six days, notwithstanding that such dates conflict with the dates allotted to another applicant conducting live racing of the same type animals. When the granting of requested initial or renewal race dates would result in a conflict, the commission, in its discretion, may grant race dates so as to avoid such conflict to the extent possible, giving preference to requests for race dates from license applicants whose licensed race meet in the previous year included such race dates.

(6) In the event the commission finds that any applicant for a renewal of a license to conduct race meets under this article has violated any of the provisions of this article or any rule of the commission, or has willfully or fraudulently made any false statement in an original application for a license to hold race meets or for the renewal of such license, or has failed to pay the commission any sums required by this article, or lacks the ability, experience, or finances to conduct race meets, the commission may refuse to grant a renewal of such license.

(7) Any unexpired license held by any person who has been convicted by the commission of violating any of the

provisions of this article or any rule of the commission, or who has willfully or fraudulently made any false statement in any application for a license to hold a race meet or for the renewal of such license, or who fails to pay to the commission any and all sums required under the provisions of this article is subject to cancellation or revocation by the commission. Such cancellation shall be made only after a summary hearing before the commission, of which three days' notice in writing shall be given the licensee specifying the grounds for the proposed cancellation and at which hearing the licensee shall be given an opportunity to be heard in person and by counsel in opposition to the proposed cancellation. No license shall be granted or continued to any licensee for any race meet licensed under this article who has made default in any payment of any premium or prizes on any race meets held under this article or who has failed to meet any monetary obligations in connection with any race meet held in this state.

12-60-512 - Division of racing events - access to records.

The division, for purposes of this article, shall have full authority to procure, at the expense of the division, any records furnished to or maintained by any law enforcement agency in the United States, including state and local law enforcement agencies in Colorado and other states for the purposes of carrying out its responsibilities. Upon request from the Colorado bureau of investigation, the division shall provide copies of any and all information obtained pursuant to this part 5.

(2) Cross simulcasting between an in-state host track or an out-of-state host track and an in-state simulcast facility, or between an in-state host track and an out-of-state simulcast facility, is permissible.

(3) A race meet of greyhounds which is conducted at an in-state host track may be received as a simulcast race by any simulcast facility; except that, notwithstanding any consent granted pursuant to the provisions of section 12-60-102 (14), an in-state simulcast facility which is located within fifty miles of a greyhound track may not receive simulcast races of greyhounds on any day on which such greyhound track is running live greyhound races, unless the licensee of such greyhound track consents thereto.

(4) (a) (I) A race meet of horses which is conducted at an in-state host track may be received as a simulcast race by any simulcast facility; except that, notwithstanding any consent granted pursuant to the provisions of section 12-60-102 (14), an in-state simulcast facility which is located within fifty miles of a horse track which has held within the previous twelve months or is licensed and scheduled to hold within the next twelve months a horse race meet of no less than thirty race days may not receive simulcast races of horses on any day on which such horse track is running live horse races unless the licensee of such horse track consents thereto.

(b) (I) A race meet of horses which is conducted at an in-state host track may be received as a simulcast race by any simulcast facility; except that, notwithstanding any consent granted pursuant to the provisions of section 12-60-102 (14), an in-state simulcast facility which is located within fifty miles of a horse track which has held within the previous twelve months or is licensed and scheduled to hold within the next twelve months a horse race meet of no less than fifty race days, or no less than sixty race days if such twelve-month period includes any portion of the track's third or subsequent year of operation, may not receive simulcast races of horses on any day on which such horse track is running live horse races unless the licensee of such horse track consents thereto.

(II) This paragraph (b) is effective April 21, 2003.

(5) (a) An in-state simulcast facility may receive only special event greyhound races from an out-of-state host track and, in addition, on any day on which an in-state simulcast facility receives greyhound simulcast races from an out-of-state host track and on which one or more in-state host tracks are running live greyhound races, such in-state simulcast facility shall receive and conduct pari-mutuel wagering on the broadcast signal of simulcast greyhound races from at least one such

in-state host track, if such broadcast signal is made available to it on usual and customary terms and conditions, including price. The commission shall approve no more than fifteen special events per year.

(b) (I) (A) An in-state simulcast facility which is located on the premises of a class B track may receive, each year, up to a total of two hundred fifty days of simulcast horse races from an out-of-state host track. Such total includes, and is not in addition to, the days on which live racing is held. This sub-subparagraph (A) is repealed, effective April 20, 2003.

A day of simulcast horse races, for the purposes of this paragraph (b), shall not include a day on which live horse races are conducted at the horse track at which the simulcast facility is located or a day on which the simulcast facility receives only simulcast races of horses from a race meet conducted at an in-state host track.

(I.5) (A) An in-state simulcast facility which is located on the premises of a horse track which runs a horse race meet of at least fifty live race days or at least sixty live race days if such horse race meet is held during any portion of the track's third or subsequent year of operation may receive, each year, three days of simulcast horse races from an out-of-state host track for each day of live horse racing conducted at such horse track during such year.

portion of the track's third or subsequent year of operation, or through a facility which is reopening as a track pursuant to section 12-60-503 (2) (b) and which has qualified to receive broadcasts of such simulcast horse race pursuant to the provisions of subparagraph (I.5) of this paragraph (b).

(B) This subparagraph (II.5) is effective April 21, 2003.

(III) On any day on which an in-state simulcast facility receives simulcast horse races, either directly from an out-of-state host track or through another in-state simulcast facility or facility which is reopening as a track, and on which one or more in-state host tracks are running live horse races, such in-state simulcast facility shall receive and conduct pari-mutuel wagering on the broadcast signal of simulcast horse races from at least one such in-state host track, if such broadcast signal is made available to it on usual and customary terms and conditions, including price, as determined by the commission.

(IV) On any day on which an in-state host track is running live races of horses, such track may receive no more than four simulcast races of horses from an out-of-state host track; except that the commission may, in its discretion, increase the number of allowable simulcasts for good cause shown by a licensee. All simulcasting or horse races shall comply with the provisions of the federal "Interstate Horseracing Act of 1978", 15 U.S.C. secs. 3001-3007, as amended.

(V) (A) For purposes of administering this paragraph (b), each operating year of an in-state simulcast facility located on the premises of a class B track shall be deemed to begin on April 21 and end on the following April 20. Simulcast days allotted to such a facility pursuant to this paragraph (b) may be used at any time during the operating year, but unused days remaining as of the end of one operating year may not be carried forward to the next operating year.

(B) Repealed.

(C) During operating year 2003-2004 and thereafter, an in-state simulcast facility located on the premises of a class B track may begin to receive its allotted number of days of simulcast horse races pursuant to subparagraph (I.5) of this paragraph (b) immediately, notwithstanding that no live racing has yet taken place at such track during such operating year, if such track has applied for a license to conduct, during such operating year, a race meet of horses consisting of fifty or more race days or, if such operating year includes all or part of the track's third or subsequent year of operation, sixty or more race days. The number of simulcast days allotted shall be based on the number of days of live racing for which the license is sought, using the formula set forth in subparagraph (I.5) of this paragraph (b).

(6) An in-state simulcast facility having a written simulcast racing agreement with an in-state or out-of-state host track pursuant to section 12-60-503 (2) may receive simulcast races, as specified in subsections (2) to (5) of this section, on any

day, including a day not within the race meet of such in-state simulcast facility which is also a track and a day on which no live race is conducted within the race meet of such in-state simulcast facility which is also a track.

(7) Repealed.

12-60-603 - Duration of meets.

(1) (a) It is unlawful to conduct any race meet at which wagering is permitted except under the provisions of this article. It

is lawful to conduct pari-mutuel wagering on live horse or greyhound races which are part of a race meet licensed and

conducted pursuant to this article. The duration of any horse race meet at a class B track shall be at least fifty race days, or

at least sixty live race days if such horse race meet is held during any portion of the track's third or subsequent year of

operation; except that the commission may prescribe a lesser number of race days in the event of unforeseen

circumstances or acts of God.

(b) A race day is any period of twenty-four hours beginning at 12 midnight Colorado time and included in the period of a

race meet and upon which day live racing is held. Dark days within a race meet shall not be counted as race days. Days on

which an in-state simulcast facility which is a track receives simulcast races but does not conduct live races shall not be

counted as race days. Subject to the provisions of this article, the number and kind of race meets to be held at any one track

shall be determined by the commission; however, race meet days for both horses and greyhounds shall be permitted on

Sundays; except that no live Sunday greyhound racing shall be permitted while live horse racing is in progress at any horse

track within forty miles.

(c) In order to promote live racing of both horses and greyhounds throughout the state of Colorado, the commission, when

determining the number and kind of race meets held and the dates and times of races held at such race meets, may take

into consideration the interests of the racing industry as a whole throughout the state but shall give particular consideration

to the racing dates and times requested by or assigned to the following:

(I) In the case of greyhound tracks, other greyhound tracks in the same circuit;

(II) In the case of class A tracks, other class A tracks; and

(III) In the case of class B tracks, other class B tracks.

(d) The commission shall determine, consistent with all other provisions of this article, the total number of races

conducted and performances held during any race meet.

(2) (a) For the operation of greyhound tracks, the state shall be divided into one north and one south circuit, which consist, respectively, of the areas north and south of a latitudinal line drawn through the location of the Douglas County courthouse in the town of Castle Rock as of June 6, 1991.

(b) The commission shall license greyhound tracks which are located in the north circuit for race meets of a duration of up to one hundred twenty consecutive days, unless the license applicant, in its application, requests nonconsecutive days or a shorter period. The commission shall license greyhound tracks which are located in the south circuit for race meets of a duration of up to one hundred eighty consecutive days, unless the license applicant, in its application, requests nonconsecutive days or a shorter period.

(c) Each greyhound track shall be licensed by the commission to conduct only one race meet in any twelve-month period.

Upon approval by the commission, a licensed greyhound track shall be permitted to contract with another licensed

greyhound track within the same circuit to conduct part or all of the race meet days granted it at such other greyhound

track; except that, unless the transferring greyhound track operates a race meet, without any transfer of race days, at its

home greyhound track during the twelve-month period immediately following the last race meet day so transferred, such

transferred race dates in such following twelve-month period shall be assigned by the commission to the transferee

greyhound track, in addition to the race meet dates of the transferee greyhound track which are otherwise authorized

pursuant to this subsection (2), upon application by the transferee greyhound track for such race dates if the transferee

greyhound track otherwise meets all requirements for conducting a greyhound race meet.

(d) The commission shall schedule race meets of greyhounds so that there is a race meet, but not more than one race

meet, being conducted at a greyhound track in both the north and the south circuits at all times; except that race meets of

greyhounds may be scheduled to run concurrently in the same circuit if the greyhound tracks running the concurrent meets

are not closer to each other than one hundred miles.

12-60-701 - License fees and Colorado-bred horse race requirement - repeal.

(1) Subject to the provisions of section 12-60-702 (1), for the privilege of conducting racing under a license issued under,

and of operating an in-state simulcast facility pursuant to the provisions of, this article, a licensee for the racing of

greyhounds and an operator of an in-state simulcast facility which receives simulcast races of greyhounds shall pay to the

department of revenue through the division five percent, and on and after July 1, 1994, four and one-half percent, of the

gross receipts derived from pari-mutuel wagering during any such race meet or placed on such simulcast races.

(2) (a) (I) For the privilege of conducting racing under a license issued under, and of operating an in-state simulcast facility pursuant to the provisions of, this article, a licensee for the racing of horses and an operator of an in-state simulcast facility which receives simulcast races of horses shall pay to the department of revenue through the division three-fourths of one percent of the gross receipts of the pari-mutuel wagering at any such race meet or placed on such simulcast races; except that a licensee for the racing of horses at a class B track race meet shall pay to the department of revenue through the division the greater of the actual cost of regulation of such race meet by the commission, up to a maximum of two thousand five hundred dollars per race day, or three-fourths of one percent of the gross receipts of the pari-mutuel wagering at any such race meet.

(II) In addition to the amount paid to the department of revenue through the division in subparagraph (I) of this paragraph

(a), a licensee for the racing of horses and an operator of an in-state simulcast facility which receives simulcast races of horses shall pay to Colorado state university for allocation to its school of veterinary medicine one-fourth of one percent of the gross receipts of all pari-mutuel wagering, except on win, place, or show, at such horse race meet or placed on such simulcast races, to be used for racing-related equine research. To receive research funding under this subparagraph (II), an institution or individual must describe and report to the commission on all projects upon completion.

(b) In addition to any moneys to be paid pursuant to paragraph (a) of this subsection (2), a licensee for the racing of

horses and an operator of an in-state simulcast facility which receives simulcast races of horses shall pay to the department of revenue through the division one-half of one percent of the gross receipts of pari-mutuel wagering on win, place, and show and one and one-half percent of the gross receipts from all other pari-mutuel wagering at any such race meet or placed on such simulcast races for the horse breeders' and owners' awards and supplemental purse fund established in section 12-60-704.

(c) (I) The operator of a simulcast facility which receives simulcast races of horses shall retain five percent of the gross receipts of pari-mutuel wagering placed on such simulcast races at that facility, to be used to cover the particular expenses incurred in operating a simulcast facility.

(II) (A) Of the five percent of gross receipts retained pursuant to subparagraph (I) of this paragraph (c), the operator of a

simulcast facility that is not located at a class B track and that receives simulcast races of horses shall remit to the operator of the class B track from which such simulcast races were received one-fifth, representing one percent of the gross receipts of pari-mutuel wagering placed on such simulcast races at the simulcast facility.

(B) This subparagraph (II) is repealed, effective April 21, 2003.

(3) For the purpose of encouraging the breeding, within the state, of race horses registered within their breeds, at least one race of each day's live horse race meet shall consist exclusively of Colorado-bred horses, if Colorado-bred horses are available. This requirement shall not apply to an in-state simulcast facility which is a horse track and which receives simulcast races of horses on any given race meet day but does not conduct a live horse race on such day.

12-60-702 - Unlawful to wager, exception - excess - taxes- repeal.

(1) (a) It is unlawful to conduct pool selling or bookmaking, or to circulate handbooks, or to bet or wager on any race meet licensed under the provisions of this article other than by the pari-mutuel method.

(b) It is unlawful for any licensee for the racing of greyhounds or any operator of an in-state simulcast facility that receives simulcast races of greyhounds to take more than nineteen and one-half percent, of the gross receipts of any pari-mutuel wagering on such races or simulcast races or for a licensee for the racing of horses or an operator of an in-state simulcast facility that receives simulcast races of horses to take more than eighteen and one-half percent of the gross receipts on win, place, and show wagering on such races or simulcast races or more than twenty-five percent of the gross receipts from all other pari-mutuel wagering on such races or simulcast races.

(c) Each licensee for the racing of horses shall pay as purses for the races in any horse race meet conducted at its in-state host track fifty percent of the breakage attributable thereto, and fifty percent of the track's commission. For purposes of this paragraph (c), the track's commission means the maximum allowable percentage which may be taken, pursuant to paragraph (b) of this subsection (1), by a licensee for the racing of horses from the gross receipts from all pari-mutuel wagering placed on such races at the in-state host track, after deduction of the amounts specified in sections 12-60-701 (2) (a) and (2) (b) and 12-60-704 (2).

(d) For each horse race meet it conducts, a licensee shall file with its license application with the commission an agreement between such licensee and the organization which represents the majority of the owners of horses participating at such race meet. Such agreement shall specify the purse structure which shall apply to the races conducted at such horse race meet, including minimum purses per race and any conditions relating to overpayments or underpayments.

(d.5) For each greyhound race meet it conducts, a licensee shall file with its license application with the commission an

agreement between such licensee and the organization which represents the majority of kennel owners participating at such race meet. Such agreement shall specify the purse structure which shall apply to the races conducted at such greyhound race meet.

(e) (I) Each licensee for the racing of greyhounds shall pay on a weekly basis as purses for the races in any greyhound race meet conducted at its in-state host track five percent of the gross receipts from all pari-mutuel wagering on such races.

(II) Each operator of an in-state simulcast facility which receives simulcast races of horses or greyhounds shall pay to purse funds for the racing of horses or greyhounds, respectively, depending on the animals taking part in each simulcast race, and to such in-state or out-of-state tracks and simulcast facilities as described in the simulcast agreement filed with the commission such percentages of the gross pari-mutuel wagering on such simulcast races, after deduction of any signal fee required by an out-of-state host track or an in-state host track, paid during the current year or any previous year, and the applicable amounts specified in subsection (2) (b) of this section, in section 12-60-701 (1) (a), (2) (a), (2) (b), and (2) (c), and in section 12-60-704 (2), as shall be specified in such simulcast agreement.

(III) (A) To defray operating expenses, the operator of a simulcast facility located at a class B track may retain up to twenty percent of the net purses earned and payable to the horse purse fund as provided in subparagraph (II) of this paragraph (e).

(B) This subparagraph (III) is repealed, effective April 20, 2003.

(f) Horse purse funds and greyhound purse funds payable by a licensee or an operator pursuant to this section shall be retained by such licensee or operator in a trust account in a commercial bank located in Colorado until such date as the purse funds are paid to the horse or greyhound owners or to the host track for payment to the horse or greyhound owners; except that:

(I) The amount in any such trust account shall not exceed the maximum amount of such accounts which is insured in full by the federal deposit insurance corporation; and

(II) Subject to prior approval by the commission, the operator of a horse track may withdraw moneys from such trust account to make up for shortfalls in the amounts of revenue derived from other sources which were reasonably anticipated to cover payments made on purses during a licensed race meet held at such track in the current year or a prior year.

(g) It is unlawful for any licensee to compute breaks in the pari-mutuel system in excess of ten cents. If, during any race

meet conducted under this law, there are underpayments of the amount actually due to the wagerers, the amount of the excess of such underpayments over and above overpayments to wagerers, at the expiration of thirty days from the end of said meet, shall revert and belong to the state of Colorado and be paid to the department of revenue through the division and become a part of its funds, and it shall not be retained by the licensee under whose license such race meet was held.

(h) Fifty percent of the breakage at any horse race meet shall be retained by the licensee under whose license such horse race meet was held and the remainder shall be paid as purses for the races conducted at such race meet. The breakage at any greyhound race meet shall be retained by the licensee under whose license such greyhound race meet was held. The breakage on any simulcast race of horses or greyhounds received by an in-state simulcast facility shall be retained by the operator of such in-state simulcast facility; except that, in the case of simulcast races of horses received from an in-state host track, fifty percent of the breakage shall be paid to the licensee of such in-state host track within sixty days after the end of the race meet from which such simulcast race was broadcast and the remainder shall be paid as purses for the races conducted at such in-state host track.

(i) The proceeds derived from all unclaimed pari-mutuel tickets for each greyhound race meet shall be retained by the licensee under whose license such greyhound race meet was held and, after a period of one year following the end of such race meet, shall revert and belong to such licensee and shall be used by the licensee for capital improvements to the track at which the race meet was held.

(j) The proceeds derived from all unclaimed pari-mutuel tickets for each simulcast race of greyhounds received by an in-state simulcast facility shall be retained by the operator of such simulcast facility and, after a period of one year following such simulcast race, shall revert and belong to such operator; except that, in the case of simulcast races received from an in-state host track, such proceeds shall be paid to the licensee of such in-state host track within sixty days after the end of the race meet from which the simulcast race was broadcast and, after a period of one year following the end of such race meet, shall revert and belong to such licensee and shall be used by the licensee for capital improvements to the track at which the race meet was held.

(2) (a) In the event the federal government or any federal governmental agency imposes a levy on said licensee by a tax on the money so wagered and upon and against its receipts, the licensee may collect, in addition to the percentage and breaks allowed in this section, the amount of the tax so levied.

(b) The tax and breaks and license fee provided for in this article shall be in lieu of all other license fees and privilege

taxes or charges by the state of Colorado or any county, city, town, or other municipality or taxing body for the privilege of conducting any race meet provided for in this article and licensed by the authority of this article; except that any county, city, town, or other municipality or taxing body which imposed any fee, tax, or charge prior to July 1, 1982, on the money so wagered, or upon and against the licensee's receipts, or for the privilege of conducting any race meet provided for and licensed by authority of this article shall have the authority to amend, repeal and reenact, or repeal any such fee, tax, or charge and impose a new or different fee or tax on the money so wagered, or upon and against the licensee's receipts, or for the privilege of conducting any race meet provided for and licensed by authority of this article, and no provision of this article shall affect the authority of such county, city, town, or other municipality or taxing body with respect to such fees or taxes unless such provision specifically refers to this paragraph (b). Notwithstanding subsection (1) of this section, it is lawful for the licensee to take such fee or tax from the gross receipts on pari-mutuel wagering; and in such cases the licensee shall pay the fee or tax directly to the county, city, town, or other municipality or taxing body.

(3) Unless expressly authorized by this article, no person may act for consideration as an agent or courier for another person for the purpose of placing wagers or cashing or redeeming winning pari-mutuel tickets. In addition to the remedies otherwise provided for violations of this article, the commission may petition any court of competent jurisdiction for an order enjoining a violation of this subsection (3).

12-60-703 - Pari-mutuel pools for race meets and simulcast races.

(1) The pari-mutuel pool for a horse race meet and for simulcast races of such race meet shall be an intrastate common pool; except that, if such simulcast races are received by an out-of-state simulcast facility, the pari-mutuel pool may be an interstate common pool, and, in that case, it shall be operated by the in-state host track conducting such horse race meet.

(2) The pari-mutuel pool for a greyhound race meet and for simulcast races of such race meet shall be an intrastate common pool; except that, if such simulcast races are received by an out-of-state simulcast facility, the pari-mutuel pool may be an interstate common pool, and, in that case, it shall be operated by the in-state host track conducting such greyhound race meet.

(3) An in-state simulcast facility receiving simulcast races from an out-of-state host track may participate either in a pari-mutuel pool into which only the pari-mutuel wagers on such simulcast races which are placed at such in-state simulcast

facility are taken or in an interstate common pool. The commission shall permit an operator of an in-state simulcast facility participating in an interstate common pool to adopt the takeout percentage of the out-of-state host track for such interstate common pool, so long as such in-state simulcast facility's takeout does not exceed twenty percent of win, place, and show wagering and twenty-five percent of all other pari-mutuel wagering on such simulcast races.

12-60-703.5 - Limitations on pari-mutuel wagering.

(1) Wagers on pari-mutuel horse or greyhound races conducted in or out of this state may only be placed upon the premises of a racetrack or an in-state simulcast facility licensed by the commission or such out-of-state racetrack or simulcast facility as authorized by the commission. No wagering or betting on the results of any of the races licensed under this article shall be conducted outside a licensed or approved racetrack or simulcast facility.

(2) (a) No person or agent or employee of any person shall place, receive, offer, or agree to place or receive a wager on a parimutuel horse or greyhound race, conducted in or broadcast in this state, by messenger, telephone, telegraph, facsimile machine, or other electronic device; except that this subsection (2) shall not apply to associations or simulcast facilities licensed by the commission. Nothing in this section shall be construed to prohibit gambling as provided in section 18-10-102
(2) (d), C.R.S.

(b) Any person who violates paragraph (a) of this subsection (2) commits a class 2 misdemeanor and shall be punished as provided in section 18-1-106, C.R.S.

12-60-704 - Creation of horse breeders' and owners' awards and supplemental purse fund - awards - advisory committee - sunset review.

(1) There is hereby created a fund, to be known as the horse breeders' and owners' awards and supplemental purse fund, referred to in this section as the "fund", which shall consist of moneys deposited thereto by the commission for the purposes of this section, to be held by the state treasurer, which moneys are hereby appropriated to be paid out to owners and breeders of Colorado-bred horses as provided in this section and by rules of the commission. Such rules shall provide for an administrative fee to be paid to the Colorado horse breeder associations for registering and maintaining breeding records for the administration of the fund. Such fees shall not exceed five percent of the total moneys generated by the unclaimed pari-mutuel tickets and such moneys provided by section 12-60-701 (2) (b).

(2) Those moneys derived pursuant to section 12-60-701 (2) (b) shall be paid to the department of revenue through the division for the fund on the fifteenth day of the calendar month immediately following the month in which such sum was received. In addition, the proceeds derived from all unclaimed pari-mutuel tickets for each horse race meet and for each simulcast race of horses received by an in-state simulcast facility shall be paid to the department of revenue through the division for the fund after a period of one year following the end of such race meet.

(3) (a) There is hereby created an advisory committee of nine persons to advise the commission relative to the breeders', owners', and stallion awards and supplemental purses. The committee shall be composed of members of the Colorado horse breeder associations, including one breeder of Arabians, the Colorado fair circuit associations, two members of the betting public, and other Colorado licensed horse racetracks. Committee members shall serve without compensation. Appointments shall be made by the commission, and terms of office shall be for three years, with the initial appointments to be made so that three members shall serve for three years, three members shall serve for two years, and three members shall serve for one year. Vacancies, when occurring, shall be filled by the commission for the remainder of the term of any said vacancy.

(b) Repealed.

(c) After moneys from the fund have been distributed to the respective breeder associations, further distribution shall be governed by the bylaws of such associations. Nothing in this section shall be construed to prohibit the distribution of moneys from the fund to owners and breeders of Colorado-bred horses that are otherwise eligible under the bylaws of such associations and that run in races outside Colorado.

(4) Notwithstanding section 24-30-204, C.R.S., the commission may establish by rule a period for distribution of moneys in the fund which is not consistent with the state's general fiscal-year period.

12-60-705 - Payments to state - disposition.

(1) Except as otherwise provided in sections 12-60-701, 12-60-702 (1), and 12-60-704, all sums referred to in sections 12-60-701, 12-60-702 (1), and 12-60-704, including all sums collected for license fees and fines pursuant to the provisions of this article, shall be paid to the department of revenue through the division on the business day following the day of each performance, and the licensee shall make a return as required by rules of the commission.

(2) All moneys collected by the department of revenue through the division shall, on the next business day following the

receipt thereof, be transmitted to the state treasurer, who shall credit the same to the general fund of the state or to the horse breeders' and owners' awards and supplemental purse fund as provided in section 12-60-704. The department of revenue shall have all the powers, rights, and duties provided in article 21 of title 39, C.R.S., to carry out such collection.

(3) The general assembly shall annually appropriate from the general fund the necessary costs of administration of the division and the commission which shall be based upon estimates of such costs submitted by the division to the office of state planning and budgeting in accordance with part 3 of article 37 of title 24, C.R.S. It is recognized that the racing and pari-mutuel wagering industry must be administered and funded on an industry-wide basis and that the license and other fees collected from any single aspect of the industry will not necessarily be equal to the costs of the division's or commission's administration of that aspect of the industry. In making its annual appropriation from the general fund for the necessary costs of administration of the division and the commission, the general assembly shall consider the overall costs of the division and commission and not require that any aspect of the division's and commission's activities be self-funded.

(4) Any person who fails to make a return or pay any tax required under this article shall be liable for penalties and interest as follows:

(a) A penalty of the greater of fifteen dollars for each failure to make a return and for each failure to pay a tax when due, or ten percent thereof plus one-half percent per month from the date when due, not exceeding eighteen percent, in the aggregate; and

(b) Interest on any tax due, from the date due, at the rate specified in section 39-21-110.5, C.R.S.

12-60-706 - Agreement of this state.

In the event any county or municipality development revenue bonds are issued in reliance on the provisions of this article, the state of Colorado does hereby covenant and agree with the holders of any such bonds that the state will not limit or alter the rights or powers of the owners of such bonds or to repeal, amend, or otherwise directly or indirectly modify this article or the effect thereof as to the assessments, fees, charges, pledged revenues, or any combination thereof in such a manner as to impair adversely any such outstanding bonds, until all such bonds have been paid and discharged in full or provision for their payment and redemption has been fully made. Such covenant and agreement may be included in any agreement with the holders of such bonds.

12-60-801 - Criminal penalties.

(1) Except as provided in section 12-60-601, any person who commits any of the acts enumerated in section 12-60-507 (1) other than those which also constitute crimes under the "Colorado Criminal Code", title 18, C.R.S., commits a class 2 misdemeanor and shall be punished as provided in section 18-1-106, C.R.S.

(2) Any person who violates any rule of the commission promulgated under the authority granted in this article, other than those which also constitute crimes under the "Colorado Criminal Code", title 18, C.R.S., commits a class 2 petty offense and, upon conviction thereof, shall be punished by a fine of not more than one hundred dollars.

(3) The penalties set forth in this section are cumulative and do not preclude the imposition of civil or administrative penalties, sanctions, actions against licenses or registrations, or any other penalties otherwise authorized.

12-60-802 - Cancellation of license.

In case of a willful violation of this article by a person holding a license, the commission, upon conviction of the offender, may cancel the offender's license, and such cancellation shall operate as a forfeiture of all rights and privileges granted by the commission and of all sums of money paid to the department of revenue through the division by the offender, and the action of the commission in this respect shall be final.

12-60-803 - Exclusion from licensed premises.

The commission or the division may exclude from any and all licensed premises any person who has been convicted of a felony under the laws of this or any other state or of the United States, subject to the provisions of section 24-5-101, C.R.S. Any person so excluded by the commission or the division has a right to a hearing before the commission as to the basis of such exclusion, subject to the provisions of section 24-4-104, C.R.S. No such person shall enter or remain upon premises owned by any licensee conducting a race meet or operating a simulcast facility under the jurisdiction of the commission, and all such persons, upon discovery or recognition, shall be forthwith excluded or ejected from such premises. Any person so ejected or excluded from the premises of any licensee shall be denied admission to its premises and the premises of all other

licensees of the commission until permission for entering has thereafter been obtained from the commission. The commission may also exclude any person from such licensed premises who willfully violates any of the provisions of this article or any rule issued by the commission.

12-60-901 - Repeal of article - review of functions.

This article is repealed, effective July 1, 1999. Prior to such repeal, the division and its functions shall be reviewed as provided for in section 24-34-104, C.R.S.

Each application shall include the following information:

(a) The identity of the investigative or law enforcement officer making the application, and the officer authorizing the application;

(e) A complete statement of the facts concerning all previous applications known to the individual authorizing and making the application, made to any judge for authorization to intercept, or for approval of interceptions of, wire, oral, or electronic communications involving any of the same persons, facilities, or places specified in the application, and the action taken by the judge on each such application; and

(a) There is probable cause for belief that a person is committing, has committed, or is about to commit a particular offense enumerated in this section;

(b) There is probable cause for belief that particular communications concerning that offense will be obtained through the interception;

(c) Normal investigative procedures have been tried and have failed, or reasonably appear to be unlikely to succeed if tried, or to be too dangerous;

(d) Except as provided in subsection (17) of this section, there is probable cause for belief that the facilities from which or the place where the wire, oral, or electronic communications are to be intercepted are being used, or are about to be used, in connection with the commission of an offense or are leased to, listed in the name of, or commonly used by the person alleged to be involved in the commission of the offense.

(5) Each order authorizing or approving wiretapping or eavesdropping shall specify:

(a) The identity of the person, if known, whose communications are to be intercepted;

(b) Except as otherwise provided in subsection (17) of this section, the nature and location of the communications facilities as to which, or the place where, authority to intercept is granted;

Such thirty-day period begins the first day on which the investigative or law enforcement officer begins to conduct an interception under the order or ten days after the order is entered, whichever occurs earlier. An extension of an order may be granted but only upon application for an extension made in accordance with subsection (2) of this section and the court making the findings required by subsection (4) of this section. The period of the extension shall be no longer than the authorizing judge deems necessary to achieve the purposes for which it was granted and in no event for longer than thirty days. Every order and extension thereof shall contain a provision that the authorization to intercept shall be executed as soon as practicable, shall be conducted in such a way as to minimize the interception under this section, and must terminate upon attainment of the authorized objective, or in any event in thirty days. No more than one extension may be granted for any order entered under this section. In the event that the intercepted communication is in a code or foreign language and an expert in that foreign language or code is not reasonably available during the interception period, minimization may be accomplished as soon as practicable after such interception. An interception made pursuant to this section may be conducted in whole or in part by government personnel or by an individual operating pursuant to a contract with the government and acting under the supervision of an investigative or law enforcement officer authorized to conduct the interception.

(7) If an order authorizing interception is entered pursuant to this section, the order may require reports to be made to the judge who issued the order, showing what progress has been made toward achievement of the authorized objective and the need for continued interception. Such report shall be made at such times as the judge may require.

(8) (a) The contents of any wire, oral, or electronic communication intercepted by any means authorized by this section shall, if possible, be recorded on tape, wire, or other comparable device. The recording of the contents of any wire, oral, or electronic communication under this subsection (8) shall be done in such a way as will protect the recording from editing or other alterations. Immediately upon expiration of the period of the order, or extension thereof, the recording shall be made available to the judge issuing the order and sealed under his directions. Custody of the recording shall be wherever the judge orders. A recording shall not be destroyed except upon an order of the judge and in any event shall be kept for ten years. Duplicate recordings may be made for use or disclosure pursuant to the provisions of this section. The presence of the seal provided for by this subsection (8), or a satisfactory explanation for the absence thereof, is a prerequisite for the use or disclosure of the contents of any wire, oral, or electronic communication or evidence derived under this section.

(b) Applications made and orders granted under this section shall be sealed by the judge. Custody of the applications and orders shall be wherever the judge directs. The applications and orders shall be disclosed only upon a showing of good cause before a judge of competent jurisdiction, and shall not be destroyed except on order of the judge to whom presented, and in any event shall be kept for ten years. Information obtained pursuant to a court order authorizing interception of wire, oral, or electronic communications shall not be used, published, or divulged except in accordance with the provisions of this article.

(c) Any violation of the provisions of this subsection (8) may be punished as contempt of court.

(d) Within a reasonable time, but not later than ninety days after the filing of an application for an order of approval under this section, which application is denied, or after the termination of the period of an order or extensions thereof, the judge to whom the application was presented shall cause to be served, on the persons named in the order or the application, and such other parties to intercepted communications as the judge may determine in his discretion is in the interest of justice, notice of the following:

(I) The fact of the entry of the order or application;

(II) The date of the entry and the period of authorized, approved, or disapproved interception, or the denial of the application; and

(III) The fact that during the period wire, oral, or electronic communications were or were not intercepted. The judge, upon the filing of a motion, may, in his discretion, make available to any such person or his counsel for inspection such portions of the intercepted communications, applications, and orders as the judge determines to be in the interest of justice. On an ex parte showing of good cause to a judge of competent jurisdiction, the serving of the matter required by this paragraph (d) may be postponed.

(9) The contents of any intercepted wire, oral, or electronic communication or the evidence derived therefrom shall not be received in evidence or otherwise disclosed in any trial, hearing, or other proceeding in a state court, unless each party, not less than ten days before the trial, hearing, or proceeding, has been furnished with a copy of the court order, and accompanying application, under which the interception was authorized or approved. This ten-day period may be waived by the court if it finds that it was not possible to furnish the party with the information ten days before the trial, hearing, or proceeding and that the party will not be prejudiced by the delay in receiving this information.

(10) Any aggrieved person in any trial, hearing, or proceeding in or before any court, department, officer, agency, regulatory body, or other authority of the state of Colorado, or a political subdivision thereof, may move to suppress the contents of any intercepted wire, oral, or electronic communication or the evidence derived therefrom on the grounds that: The communication was unlawfully intercepted; the order of authorization or approval under which it was intercepted is insufficient on its face; or the interception was not made in conformity with the order of authorization or approval. This motion shall be made before the trial, hearing, or proceeding unless there was no opportunity to make such motion or the person was not aware of the grounds of the motion. If the motion is granted, the contents of the intercepted wire, oral, or electronic communication or the evidence derived therefrom shall not be received as evidence. The remedies and sanctions provided for in this section with respect to the interception of electronic communications are the only judicial remedies and sanctions for nonconstitutional violations of this section involving such communications.

(11) In addition to any other right to appeal, the state of Colorado has the right to appeal from an order granting a motion to suppress made under subsection (10) of this section, or the denial of an application for an order of approval, if the person making or authorizing the application certifies to the judge granting the motion or denying an application that the appeal is not taken for purposes of delay. Such appeal shall be taken within thirty days after the date the order was entered and shall be diligently prosecuted.

(12) Any investigative or law enforcement officer who, by any means authorized by this section, has obtained knowledge of the contents of any wire, oral, or electronic communication or the evidence derived therefrom may disclose such contents to another investigative or law enforcement officer to the extent that this disclosure is appropriate in the proper performance of the official duties of the officer making or receiving the disclosure.

(13) Any investigative or law enforcement officer who, by any means authorized by this section, has obtained knowledge of the contents of any wire, oral, or electronic communication or the evidence derived therefrom may use those contents to the extent the use is appropriate in the official performance of his official duties.

(14) Any person who has received, by any means authorized by this section, any information concerning a wire, oral, or electronic communication or any evidence derived therefrom, intercepted in accordance with the provisions of this section, may disclose the contents of that communication or derivative evidence while giving testimony in any criminal proceeding in any court of this state or in a grand jury proceeding.

(15) No otherwise privileged wire, oral, or electronic communication intercepted in accordance with, or in violation of, the provisions of this section shall

lose its privileged character.

(16) When an investigative or law enforcement officer, while engaged in intercepting wire, oral, or electronic communications in the manner authorized in this section, intercepts wire, oral, or electronic communications relating to an offense other than one specified in the order of authorization or approval, the contents thereof and the evidence derived therefrom may be disclosed or used as provided in subsections (12) and (13) of this section only if an offense other than one specified in the order is an offense which constitutes a felony under Colorado statutes. The contents thereof and the evidence derived therefrom, as authorized by this section, may be used under subsection (14) of this section only when authorized or approved by a judge of competent jurisdiction when the judge finds on subsequent application that the contents were otherwise intercepted in accordance with the provisions of this section. This application shall be made as soon as practicable.

(17) (a) The requirements of paragraph (b) of subsection (2), paragraph (d) of subsection (4), and paragraph (b) of subsection (5) of this section relating to the specification of the facilities from which, or the place where, the communications are to be intercepted do not apply if:

(I) In the case of an application with respect to the interception of an oral communication:

(A) The application is made by an investigative or law enforcement officer and is approved by the attorney general or the district attorney of the district in which the application is sought;

(B) The application contains a full and complete statement as to why such specification is not practical and identifies the person committing the offense and whose communications are to be intercepted; and

(C) The judge finds that such specification is not practical; and

(II) In the case of an application with respect to the interception of a wire or electronic communication:

(A) The application is made by an investigative or law enforcement officer and is approved by the attorney general or the district attorney of the district in which the application is sought;

(B) The application identifies the person believed to be committing the offense and whose communications are to be intercepted and the applicant makes a showing of a purpose, on the part of that person, to thwart interception by changing facilities; and

(C) The judge finds that such purpose has been adequately shown.

(b) An interception of a communication under an order with respect to which the requirements of paragraph (b) of subsection (2), paragraph (d) of subsection (4), and paragraph (b) of subsection (5) of this section do not apply pursuant to the provisions of paragraph (a) of this subsection (17) shall not

begin until the facilities from which, or the place where, the communication is to be intercepted is ascertained by the person implementing the interception

order. A provider of wire or electronic communications service that has received an order pursuant to subparagraph (II) of paragraph (a) of this subsection

(17) may move the court to modify or quash the order on the ground that its assistance with respect to the interception cannot be performed in a timely or reasonable fashion. The court, upon notice to the government, shall decide such a motion expeditiously.

(18) (a) Any other provision of this article notwithstanding, any investigative or law enforcement officer specifically designated by the attorney general or a district attorney may intercept wire, oral, or electronic communications for a period not to exceed twenty-four hours under the following circumstances:

(I) When an emergency situation exists that involves the holding of hostages or kidnapping by the use of physical force, a deadly weapon, or an explosive device, and there is imminent danger of serious bodily injury or death to any person; and

(II) There are reasonable and sufficient grounds present upon which an order could be entered to authorize such interception.

(b) Any emergency interception shall terminate upon attainment of the authorized objective as set forth in subparagraph (I) of paragraph (a) of this subsection (18) or at the end of the twenty-four-hour period, whichever comes first.

(c) The investigative or law enforcement officer designated pursuant to paragraph (a) of this subsection (18) and the official making such designation shall submit an application for the interception of wire, oral, or electronic communications to a judge of competent jurisdiction within the twenty-four-hour period described in paragraph (a) of this subsection (18). Such application shall be submitted regardless of whether or not the interception was terminated within the twenty-four-hour period. Such application shall comply in all respects with the requirements of this section and sections 16-15-101, 16-15-103, and 16-15-104.

(d) If, after the application described in paragraph (c) of this subsection (18) is made, the application is denied, any interception shall immediately cease. In such case, all recordings shall be sealed by the court as soon as practicable, and any communication intercepted shall be treated as a communication which has been obtained in violation of section 18-9-305, C.R.S., and an inventory shall be served in accordance with this article. Any such communication shall not be admissible in any legal action against any person whose communication was intercepted.

(e) All provisions of this article shall be applicable with respect to the execution of any interception under emergency circumstances.

(f) Repealed.

ARTICLE 17. COLORADO ORGANIZED CRIME CONTROL ACT

18-17-102 - Legislative declaration.

The general assembly hereby finds that organized crime in the state of Colorado, as well as nationwide, is a highly sophisticated, diversified, and widespread activity that annually consumes millions of dollars locally and billions of dollars nationally from this state's and the nation's economy through unlawful conduct and the illegal use of force, fraud, and corruption. Organized crime derives a major portion of its power through money procured from such illegal endeavors as syndicated and organized gambling, loan-sharking, the theft of property and fencing of stolen property, the illegal importation, manufacture, and distribution of drugs and other controlled substances, and other forms of social exploitation. This money and power are increasingly being used to infiltrate and corrupt legitimate business and labor organizations and to subvert and corrupt our democratic processes. Organized crime activities within this state weaken the stability of this state's and the nation's economy, harm innocent investors and competing organizations, impede free competition, threaten the peace and health of the public, endanger the domestic security, and undermine the general welfare of the state and its citizens. The general assembly further finds that organized crime continues to grow and flourish because of defects in the evidence-gathering process of the law which inhibits the development and use of the legally admissible evidence necessary to bring criminal and other sanctions or remedies to bear on the unlawful activities of those engaged in organized crime and because the sanctions and remedies presently available to the state are unnecessarily limited in scope and impact. Therefore, the general assembly declares that it is the purpose of this article to seek the eradication of organized crime in this state by strengthening the legal tools in the evidence-gathering process, by establishing new penal prohibitions, and by providing enhanced sanctions and new remedies to deal with the unlawful activities of those engaged in organized crime.

(b) A disciplinary action disclosed pursuant to paragraph (e) of subsection (1) of this section was resolved adversely to the supplier.

(6) No contract for the supply of gaming materials or equipment for use in the operation of the state lottery shall be enforceable against the state if the provisions of this section are not complied with.

(7) In the case of any procurement for a contract for lottery tickets, lottery consulting services, or lottery terminals or equipment having a value of one hundred thousand dollars or more, or in the case of procurement for a contract for drawing equipment regardless of value, each prospective corporate supplier shall, prior to entering into a contract, provide a verified affidavit as to ownership, if any, of any interest, direct or indirect, in any operator of a casino, jai alai fronton, racetrack, or other gaming establishment, a current personal financial statement, and individual federal and state income tax returns from the past three years for each of its officers and each of the directors. The executive director of the department of revenue shall determine, depending upon the organization of each company, by rule or regulation, which officers of any parent, intermediary, and holding companies, and which directors of the supplier or of a parent, intermediary, or holding company, are affiliated with the lottery and are required to file a current personal financial statement and individual federal and state income tax returns from the past three years. The provision of said affidavit, financial statement, and tax returns shall not be required at the time of submission of the prospective corporate supplier's bid or proposal.

(8) (a) Any contractor which has entered into a contract to supply gaming materials or equipment to the lottery shall report to the commission any change in, addition to, or deletion from the information disclosed to the commission in accordance with the provisions of subsections (1) (a), (1) (d), (1) (e), (2), and (7) of this section. Such report shall be written and addressed to the division and shall be mailed or delivered to the division within thirty days of the date such change in, addition to, or deletion from the information takes place or becomes effective.

(b) Any costs associated with an investigation regarding the information disclosed in such report shall be paid by the contractor who shall remit such costs within thirty days of billing by the division.

(c) (I) If such report contains any information, or if the commission receives any information from any source other than the contractor, which information would have prohibited the director from awarding the contract to the contractor if the information had been provided or had been effective before the director awarded the contract, the director may terminate the contract with the concurrence of the commission following an investigation.

(II) If such report contains any information, or if any information is discovered by the commission from any source other than the contractor, which information would have given the director discretion to refuse to enter the contract had the information been provided or been effective before the director awarded the contract, the director, with the concurrence of the commission and following an investigation, may terminate the contract.

(III) Any termination shall be accomplished in accordance with the termination provisions of the contract.

(9) Every contract for the supply of gaming equipment or material shall provide the following:

(a) The director shall exclude from lottery facilities an employee of a contractor who has been convicted of a felony.

(b) The director shall also exclude employees of a contractor from participating in activities involving the gaming materials or equipment supplied pursuant to the contract.

24-35-206 - Licenses.

(1) The director shall issue, suspend, revoke, and renew licenses for lottery sales agents pursuant to subsection (3) of this section and rules and regulations adopted by the commission. Licensing rules and regulations shall include requirements relating to the financial responsibility of the licensee, the accessibility of the licensee's place of business or activity to the public, the sufficiency of existing licenses to serve the public interest, the volume of expected sales, the character of the licensee, the security and efficient operation of the lottery, the licensed agent recovery reserve authorized in section 24-35-219, and other matters necessary to protect the public interest and trust in the lottery and to further the sales of lottery tickets or shares. Rules and regulations shall also require that licenses be prominently displayed in areas visible to the public.

(2) (a) A license shall be revoked upon a finding that the licensee:

(I) Has provided false or misleading information to the division;

(II) Has been convicted of any gambling-related offense;

(III) Has endangered the security of the lottery;

(IV) Has become a person whose character is no longer consistent with the protection of the public interest and trust in the lottery; or

(V) Has intentionally refused to pay a prize in his possession to a person entitled to receive the prize under this article.

(b) A license may be suspended, revoked, or not renewed for any of the following causes:

(I) A change of business location;

(II) An insufficient sales volume;

(III) A delinquency in remitting money owed to the lottery;

(IV) The endangering of the efficient operation of the lottery;

(V) Any violation of this part 2 or any rule or regulation adopted pursuant to this part 2; or

(VI) Conviction of any felony.

(3) Procedures for issuance, suspension, revocation, and renewal of licenses shall be in accordance with article 4 of this

title, and the director shall have all the powers and shall be subject to all the requirements of article 4 of this title in

conducting any hearings relating to the granting, suspension, revocation, or renewal of licenses. When a felony conviction or

a conviction involving fraud is an issue in the issuance, suspension, revocation, or renewal of a lottery sales agent's license,

the director's determination shall be submitted to a three-member panel who shall approve or reject such determination. The

panel's decision shall constitute final agency action for the purposes of section 24-4-106. The panel shall be composed of the

chairman of the lottery commission, the executive director of the department of revenue, and the secretary of state.

(4) Licensed sales agents may include persons, firms, associations, or corporations, profit or nonprofit, but the following

are ineligible for any license as a sales agent:

(a) Any person who will engage in business exclusively as a lottery sales agent;

(b) Any person who has been convicted of a gambling-related offense, notwithstanding the provisions of section 24-5-101;

(c) Any person who is or has been a professional gambler or gambling promoter;

community in which he resides;

(f) Any person who has been convicted of a crime involving misrepresentation, notwithstanding the provisions of section 24-5-101;

(g) Any firm or corporation in which a person defined in paragraph (b), (c), (d), (e), or (f) of this subsection (4) has a proprietary, equitable, or credit interest;

(h) Any organization in which a person defined in paragraph (b), (c), (d), (e), or (f) of this subsection (4) is an officer, director, or managing agent, whether compensated or not; or

(i) Any organization in which a person defined in paragraph (b), (c), (d), (e), or (f) of this subsection (4) is to participate in the management or sales of lottery tickets or shares.

(4.5) Licensed sales agents may include persons, firms, associations, or corporations, profit or nonprofit, but the following may be determined to be ineligible for any license as a sales agent:

(d) Any organization in which a person defined in paragraph (a) of this subsection (4.5) is to participate in the management or sales of lottery tickets or shares.

(5) Each licensed sales agent shall keep a complete set of books of account, correspondence, and all other records necessary to show fully the lottery transactions of the licensee, all of which shall be open at all times during business hours for the inspection and examination of the division or its duly authorized representatives. The division may require any licensed sales agent to furnish such information as the division considers necessary for the proper administration of this part 2 and may require an audit to be made of such books of account and records on such occasions as the division considers necessary by an auditor, selected by the commission or the director, who shall likewise have access to all such books and records of the licensee, and the licensee may be required to pay the expense thereof.

(6) All licenses for lottery sales agents shall specify the place such sales shall take place, and no license shall be effective upon residential premises.

(7) The costs of any investigation into the background of an applicant seeking a license for a lottery sales agent shall be assessed against the applicant and shall be paid by the applicant at the time of billing by the state. Such investigation may be conducted by the commission or the attorney general. Investigators shall have peace officer authority during the period of investigation.

(8) If there are more applications to operate lotto than there are outlets available, then at least one hundred locations will be decided by a drawing by lot with the balance of all lotto outlets to be located at the direction of the division. Any person licensed as a lottery sales agent pursuant to the provision of this section shall be eligible to enter into this drawing by lot to determine if such person will be allowed to operate a lotto game at the same location.

(9) If the rental payments for the business premises of any lottery sales agent are based in whole or in part on a percentage of retail sales, and the computation of retail sales in the rental agreement does not specifically include the sale of tickets or shares in the lottery, the compensation received by the sales agent, which compensation is determined by the commission pursuant to section 24-35-208 (2) (h), and not the gross revenues from the sale of lottery tickets or shares shall be the amount of the retail sale for the purpose of computing the rental payment.

24-35-207 - Colorado lottery commission - creation.

(1) There is hereby created, within the state lottery division, the Colorado lottery commission, consisting of five members, all of whom shall be citizens of the United States and residents of this state, appointed by the governor, with the consent of the senate. No member shall have been convicted of a felony or gambling-related offense, notwithstanding the provisions of section 24-5-101. No more than three of the five members shall be members of the same political party. A chairman and a vice-chairman of the commission shall be chosen from the membership by a majority of the members at the first meeting of each fiscal year.

(2) At least one member of the commission shall have been a law enforcement officer for not less than five years; at least one member shall be an attorney admitted to the practice of law in Colorado for not less than five years; and at least one member shall be a certified public accountant who has practiced accountancy in Colorado for at least five years.

each member shall file with the secretary of state a financial disclosure statement in the form required to be filed by elected

state officials. Such statement shall be renewed as of each January 1 during the member's term of office. The chairman of

(7) (a) The commission shall hold at least one meeting each month and such additional meetings as may be prescribed by

rules of the commission. In addition, special meetings may be called by the chairman, any two commission members, or the

director, upon delivery of seventy-two hours' written notice to each member. Notwithstanding the provisions of section

24-6-402, in emergency situations in which a majority of the commission certifies that exigencies of time require that the

commission meet without delay, the requirements of public notice and of seventy-two hours' written notice to members may

be dispensed with, and commission members as well as the public shall receive such notice as is reasonable under the

circumstances.

(b) For purposes of part 4 of article 6 of this title, the commission shall be a state public body, as defined in section

24-6-402 (1) (d), regardless of whether the state lottery division and the Colorado lottery commission constitute an

enterprise pursuant to section 24-35-202 (1).

(8) A majority of the commission shall constitute a quorum, and the concurrence of a majority of the commission shall be

required for any final determination by the commission. The commission shall keep a complete and accurate record of all its

meetings.

(d) To report immediately to the governor, the attorney general, the speaker of the house of representatives, the president of the senate, the minority leaders of both houses, and such other state officers, as from time to time the commission deems appropriate, any matters which it deems to require an immediate change in the laws of this state in order to prevent abuses and evasions of this part 2 or rules and regulations promulgated thereunder or to rectify undesirable conditions in connection with the administration or operation of the lottery;

drawings must be examined prior to and after each public drawing by an independent certified public accountant.

(e) The frequency of the drawing or selection of winning tickets or shares, without limitation;

(a) No member of the commission or employee of the division, including the director, and no member of their immediate families, shall have any personal pecuniary interest in any lottery or in the sale of any lottery tickets or shares or in any corporation, association, or firm contracting with the state to supply gaming equipment or materials for use in the operation of the lottery or in any corporation, association, or firm licensed as a sales agent under this part 2. Employment by any political subdivision, or service on the governing body or on any board, agency, or commission of any political subdivision, which is entitled to receive a portion of the proceeds of the lottery shall not constitute an interest prohibited by this section, except for the purposes of appointment to or service on the commission.

(b) No member of the commission or employee of the division, including the director, and no member of their immediate families, shall receive any gift, gratuity, employment, or other thing of value from any person, corporation, association, or firm that contracts with or that offers services, supplies, materials, or equipment used by the division in the normal course of its operations; except that such persons may accept on an infrequent basis in the normal course of business certain nonpecuniary items of insignificant value, as shall be recommended by the director and as shall be established by the commission by rule and regulation promulgated pursuant to section 24-35-208 (1).

(c) No member of the commission or employee of the division, including the director, and no member of their immediate families, shall purchase any ticket for any lottery conducted under this part 2, nor shall any such person be eligible to receive any prize awarded in such a lottery.

(d) No person, corporation, or firm that contracts with the division or that offers services, supplies, materials, or equipment used by the division in the normal course of its operations shall offer any gift, gratuity, employment, or other thing of value to any commission member, employee of the division, or members of their immediate families except as authorized by rules and regulations promulgated pursuant to paragraph (b) of this subsection (1).

(e) In no event shall a member of the commission or employee of the division or any member of their immediate families accept any item permitted by paragraph (b) of this subsection (1) if such acceptance is based on an agreement or understanding that such person's vote, opinion, judgment, or actions will thereby be influenced.

(1) There is hereby created, in the office of the state treasurer, the lottery fund. The initial appropriation to the division, and all subsequent revenues of the division not earlier paid as prizes, shall be paid into the lottery fund. All expenses of the division, including the expenses of organized crime investigation and prosecution relating to the lottery, shall be paid from the lottery fund. For the purposes of this section and section 24-35-208, "expenses" do not include amounts expended for lottery prizes. Prizes for the lottery shall be paid only from the lottery fund or from moneys collected from the sale of lottery tickets or shares. Amounts for prizes and expenses are hereby appropriated to the division, except as provided in subsection (2) of this section.

(2) In addition to the initial appropriation to the division, all moneys paid into the lottery fund through June 30, 1983, shall be available immediately, without further appropriation, for the purposes of said fund. After June 30, 1983, expenses of the division shall be paid from the lottery fund only as appropriated by the general assembly.

(3) Upon request, it is the duty of the state treasurer to report to the director or the commission the amount of money on hand in the lottery fund. All accounts and expenditures from the lottery fund shall be certified by the director and paid by the state treasurer upon warrants drawn by the controller. (4.1) (a) The amount to be transferred from the lottery fund to the conservation trust fund shall be forty percent of the net proceeds of the lottery for the preceding fiscal quarter after payment of the expenses of the division and any prizes for the lottery and after reserving sufficient moneys, as of the end of the fiscal year, to ensure the operation of the lottery for the ensuing fiscal year. Beginning with the fourth quarter of fiscal year 1998-99, and each fiscal year thereafter, distributions of net lottery proceeds to the conservation trust fund shall be made in accordance with the provisions of section 33-60-104 (1) (a), C.R.S.

(b) (I) From the fourth quarter of fiscal year 1992-93 through the fourth quarter of fiscal year 1997-98, the general assembly shall annually appropriate ten percent of the net proceeds of the lottery to the division of parks and outdoor recreation in the department of natural resources to be used for the purposes provided in paragraph (c) of this subsection (4.1). Beginning with the first quarter of fiscal year 1998-99 and each fiscal year thereafter, distributions of net lottery proceeds to the division of parks and outdoor recreation shall be made in accordance with the provisions of paragraph (b) of subsection (1) of section 33-60-104, C.R.S.

(II) The appropriation of moneys from the state lottery for capital construction shall be consistent with part 13 of article 3 of title 2, C.R.S., until such time as said part 13 is repealed.

(c) The lottery money available for appropriation to the division of parks and outdoor recreation pursuant to paragraph (b) of this subsection (4.1) shall be appropriated and expended for the acquisition and development of new state parks, new state recreation areas, or new recreational trails, for the expansion of existing state parks, state recreation areas, or recreational trails, or for capital improvements of both new and existing state parks, state recreation areas, or recreational trails. Except as provided in section 33-60-105, C.R.S., in addition to appropriation for the division's capital construction budget, said lottery money may be appropriated for the division's operating budget for expenditures attributable to the maintenance and operation of state parks, state recreation areas, or recreational trails, or any portions thereof, that have been acquired or developed with lottery money.

(d) This subsection (4.1) shall become effective on September 1, 1998, or on any earlier date on which the lease-purchase obligations undertaken by the state pursuant to subsection (4) of this section are discharged.

(5) Repealed.

(6) The state treasurer shall invest the moneys in the lottery fund so long as said moneys are timely available to pay the expenses of the division, to pay the prizes to the lottery winners, to make authorized transfers to the conservation trust fund, and to fund the annual appropriations authorized by subsection (4) or (4.1) of this section. Investments shall be those otherwise permitted by state law, and interest or any other return on the investments shall be paid into the lottery fund.

(7) The division shall be operated so that, after the initial state appropriation, it shall be self-sustaining.

(8) No claim for the payment of any expense of the division or the payment of any lottery prize can be made unless it is against the lottery fund or against moneys collected from the sale of lottery tickets or shares. No other moneys of the state of Colorado shall be used or obligated to pay the expenses of the division or prizes of the lottery.

(9) The total disbursements for lottery prizes shall be no less than fifty percent of the total revenue accruing from the sale of lottery tickets or shares.

(10) (a) (I) The state treasurer shall distribute the net lottery proceeds in the lottery fund which are attributable to the 1988-89 fiscal year on September 1, 1989, in accordance with subsection (4) of this section. Distributions from the lottery fund for the 1989-90 fiscal year through the third quarter of fiscal year 1992-93 shall be on a quarterly basis, with the distribution of net lottery proceeds for the first quarter occurring on December 1 of such fiscal year, distribution of net

lottery proceeds for the second quarter occurring on March 1 of such fiscal year, distribution of net lottery proceeds for the third quarter occurring on June 1 of such fiscal year, and distribution of net lottery proceeds for the fourth quarter occurring on September 1 following the close of such fiscal year.

(II) Beginning with the proceeds from the fourth quarter of fiscal year 1992-93 through the fourth quarter of fiscal year 1997-98, distributions shall be made in the manner provided in section 33-60-103, C.R.S. Net lottery proceeds to be distributed to the conservation trust fund, as computed pursuant to this section, shall be transferred to the conservation trust subaccount of the lottery fund, which subaccount is hereby created, once each month. Such transfers shall be made from net lottery proceeds reflected in the monthly statement required to be filed pursuant to section 24-35-204 (3) (k) for the period ending sixty days prior to each monthly distribution. The state treasurer shall invest all moneys in the conservation trust subaccount in investments permitted by state law. Notwithstanding subsection (6) of this section, interest or any other return on such investments shall be distributed to the conservation trust fund with other moneys in the conservation trust subaccount pursuant to section 33-60-103, C.R.S.

(III) Beginning with the first quarter of fiscal year 1998-99, distributions shall be made on a quarterly basis in accordance with the provisions of section 33-60-104, C.R.S., with the distribution of net lottery proceeds for the first quarter occurring on December 1 of such fiscal year, distribution of net lottery proceeds for the second quarter occurring on March 1 of such fiscal year, distribution of net lottery proceeds for the third quarter occurring on June 1 of such fiscal year, and distribution of net lottery proceeds for the fourth quarter occurring on September 1 following the close of such fiscal year.

(b) Repealed.

(11) The general assembly may establish priorities in the general appropriation act for expenditures for projects to be financed from net lottery proceeds appropriated for capital construction. Such priorities shall govern the use of quarterly distributions from the lottery fund in order to assure that available revenues are used to fund higher priority projects before they are used to fund lower priority projects.

24-35-211 - Audits and annual reports.

(1) The lottery fund shall be audited at least annually by or under the direction of the state auditor, who shall submit a report of the audit to the legislative audit committee. The expenses of the audit shall be paid from the lottery fund.

(2) The commission and director shall make an annual report by March 1 of each year to the governor, the general assembly, and the legislative audit committee, which shall include a summary of the division's activities for the previous year, a statement of lottery revenues, prize disbursements, expenses of the division, allocation of remaining revenues, and any recommendations for change in the statutes which the commission or director deems necessary or desirable. The report shall be public.

24-35-212 - Prizes.

(1) The right of any person to a prize is not assignable; except that payment of any prize may be paid to:

(a) The estate of a deceased prizewinner; or

(b) Any person pursuant to a voluntary assignment of the right to receive future annual prize payments, in whole or in part, if the assignment is made pursuant to an appropriate judicial order of the district court located in the city and county of Denver or the judicial district where the assignor resides or where the commission's headquarters are located.

(1.5) (a) A copy of the petition for an order described in paragraph (b) of subsection (1) of this section and of all notices of any hearing in the matter shall be served on the commission no later than ten days prior to any hearing or entry of any order.

(b) The commission may intervene as of right in any such proceeding solely to protect the interests of the commission but shall not be deemed an indispensable or necessary party.

(c) The court receiving the petition is authorized to issue an order approving the assignment and directing the commission to pay to the assignee all future prize payments so assigned upon finding that all of the following conditions have been met:

(I) The assignment has been memorialized in writing and executed by the assignor and is subject to Colorado law;

(II) The assignor provides a sworn declaration to the court attesting to the facts that the assignor has had the opportunity to be represented by independent legal counsel in connection with the assignment, has received independent financial and tax advice concerning the effects of the assignment, and is of sound mind and not acting under duress; and

(III) The proposed assignment does not and will not include or cover payments or portions of payments subject to offsets pursuant to subsection (5) of this section, unless appropriate provision is made in the order to satisfy the obligations giving

rise to the offset.

(d) Within ten days of receipt of a certified copy of a court order granted pursuant to this subsection (1.5), the commission shall acknowledge in writing to both the assignor and the assignee its agreement to make the payments in accordance with the provisions of the order. The commission shall make such payments pursuant to said order.

(e) The commission shall not adopt rules and regulations for the implementation of this subsection (1.5) that are more restrictive than the provisions of this subsection (1.5), that impose requirements in addition to those set forth in this subsection (1.5), or that are inconsistent with the expressed intent of the general assembly.

(f) The commission is authorized to establish a reasonable fee to defray any administrative expenses of the commission associated with assignments made pursuant to this section. The fee amounts shall reflect the direct and indirect costs associated with processing the assignments.

(1.6) No voluntary assignment under this section shall be effective unless and until the national office of the federal internal revenue service advises the chairman of the Colorado lottery commission that the voluntary assignment of prizes pursuant to appropriate judicial order will not affect the federal income tax treatment of prizewinners who do not assign their prizes.

(2) Notwithstanding any provision of this part 2 to the contrary, the commission may authorize licensed sales agents to retain all prizes pursuant to the rules of the commission for the persons entitled to such prizes for one hundred eighty days after the termination dates of the lottery games for which the prizes were won. Such prizes shall be held in trust on behalf of the division for payment to the persons so entitled. No separate accounting of such prizes needs to be made by the licensed sales agent unless requested by the director. Any person who fails to claim a prize during the one-hundred-eighty-day period shall forfeit all rights to the prize, and the amount of the prize shall become the property of the licensee. All other unclaimed prizes shall be retained by the division for the persons entitled to such prizes for the one-hundred-eighty-day period. Any person who fails to claim a prize which is held by the division or its designee during such time shall forfeit all rights to the prize, and the amount of the prize shall remain in the lottery fund.

(3) The division shall be discharged of all liability upon the payment of any prize pursuant to this part 2.

(4) Any prize won by a person under eighteen years of age who purchased a winning ticket in violation of section 24-35-214 (1) (c) shall be forfeited. If a person otherwise entitled to a prize or a winning ticket is under eighteen years of age, the director may direct payment of the prize by delivery to an adult member of the minor's family or a guardian of the minor of a check or draft payable to the order of such minor.

(5) Prior to the payment of any lottery winnings required by rule and regulation of the commission to be paid only at the lottery offices, the department of revenue shall require the winner to submit the winner's social security number and federal employer identification number, if applicable, and shall check the social security number of the winner with those certified by the department of human services for the purpose of the state lottery winnings offset as provided in section 26-13-118, C.R.S. The social security number and the federal employer identification number shall not become part of the public record of the department of revenue. If the social security number of a lottery winner appears among those certified by the department of human services, the department of revenue shall suspend the payment of such winnings until the requirements of section 26-13-118, C.R.S., are met. If such assessment is not paid within a reasonable time as specified by ordinance, it may be certified by the clerk and recorder to the county treasurer, who shall collect the assessment, together with a ten percent penalty for the cost of collection, in the same manner as other taxes are collected.

(1.5) In addition to any other powers, the board of county commissioners has the power to adopt a resolution or an ordinance prohibiting minors from possessing cigarettes or tobacco products, as defined by section 39-28.5-101 (5), C.R.S.

(b) Any regulation imposed prior to January 1, 1980, by resolution adopted under any provision of law may, upon suitable accommodation to the pertinent ordinance adoption procedure set forth in this part 4, be reimposed by ordinance. In such cases the resolution shall continue in force and effect until the ordinance which replaces it becomes effective.

(c) Nothing in this part 4 shall be construed to affect any proceeding arising under or pursuant to the provisions of law in

effect immediately prior to January 1, 1980.

(3) Paragraph (a) of subsection (1) of this section shall not apply to the transportation of sludge and fly ash or to the transportation of hazardous materials, as defined in the rules and regulations adopted by the chief of the Colorado state patrol pursuant to section 42-20-104 (1), C.R.S.

(4) Paragraph (a) of subsection (1) of this section shall not apply to the transporting of ashes, trash, waste, rubbish, garbage, or industrial waste products or any other discarded materials which are collected by a city, county, city and county, town, or other local subdivision within its jurisdictional limits, provided every vehicle so engaged in transporting the discarded materials has conformed to vehicle standards at least as strict as those prescribed in subparagraph (II) of paragraph (a) of subsection (1). Such governing body shall not grant an exclusive territory or regulate rates for the collection and transportation of ashes, trash, waste, rubbish, garbage, or industrial waste products or any other discarded materials.

(5) Any provision of paragraph (a) of subsection (1) of this section to the contrary notwithstanding, the governing body of a city and county shall not be precluded from adopting ordinances, regulations, codes, or standards or granting permits issued pursuant to home rule authority; except that such governing body shall not grant an exclusive territory or regulate rates for the collection and transportation of ashes, trash, waste, rubbish, garbage, or industrial waste products or any other discarded materials.

(6) If the board of county commissioners or the governing body of any other local governmental entity is providing waste services, including the collection and transportation of ashes, trash, waste, rubbish, garbage, or industrial waste products or any other discarded materials, within the limits of any county or other local subdivision on or after April 19, 1994, any private person seeking also to offer those services shall first give a one-year public notice advising of the intent to offer the services. If a private person or persons are providing waste services within the limits of any county or other local subdivision on or after April 19, 1994, any board of county commissioners or the governing body of any other local governmental entity seeking also to offer those services shall first give a one-year public notice advising of the intent to offer the services. The public notice shall be given in a local newspaper of general circulation in the area served by the waste service provider. The requirements of this subsection (6) shall not apply to any municipality or city and county subject to subsection (7.5) of this section.

(7) (a) Notwithstanding any other provision of law, nothing in this section shall prohibit the providing of waste services by a private person, if that person is in compliance with applicable rules and regulations, within the limits of any municipality or

city and county if those services also are provided by a governmental body within the limits of that governmental unit. The governmental body may not compel industrial or commercial establishments or multifamily residences of eight or more units to use or pay user charges for waste services provided by the governmental body in preference to those services provided by a private person.

(b) Subject to the limitation set forth in subsection (6) of this section and notwithstanding paragraph (a) of this subsection

(7) and subsection (7.5) of this section or any other provision of law, nothing in this section shall prohibit the providing of

waste services by a private person within the limits of any county or other local subdivision if that person is in compliance

with applicable rules and regulations. If services also are provided by a governmental body within the limits of the county or

other local subdivision, the governmental body shall not compel any resident, including, but not limited to, an owner or tenant

of industrial or commercial establishments or multifamily residences, to use or pay user charges for waste services provided

by the governmental body in preference to those services provided by a private person.

(7.5) (a) Any requirement that municipal residents use or pay user charges for residential waste services pursuant to

paragraph (a) of subsection (7) of this section may be affected by utilization of the initiative and referendum power reserved

to the municipal electors in section 1 (9) of article V of the Colorado constitution.

(b) The governing body of any municipality or city and county that chooses, after April 19, 1994, to require use of or to

commence the imposition of a fee for residential waste services pursuant to paragraph (a) of subsection (7) of this section

in all or any portion of the jurisdiction, including any portion of the jurisdiction annexed after April 19, 1994, may do so

subject to the following requirements:

(I) The governing body shall provide written notice to any private person who lawfully provides waste services within the

jurisdiction and shall give a six-month public notice in a newspaper of general circulation within the jurisdiction prior to

requiring the use or initial imposition of the fee. The notice shall include:

(A) The date upon which, and the area within the jurisdiction where, requiring use of or billing for residential waste

services will commence; and

(B) An explanation of the option to request an opportunity to submit a proposal to provide residential waste services to

that area.

(II) Any person may, within thirty days following publication or receipt of the notice, request in writing the opportunity to

submit a proposal to provide residential waste services within the portion of the jurisdiction where required use of those

services or imposition of the fee will commence. A request for an opportunity to submit a proposal shall suspend required

use of the services or imposition of the residential waste services fee until a request for proposal process, as set forth in paragraph (c) of this subsection (7.5), is completed. Any person who has requested in writing an opportunity to submit a proposal to provide residential waste services pursuant to this subparagraph (II) is eligible to participate in the proposal process. If no written request is received within the time permitted, the governing body may proceed to require use of or impose a fee for residential waste services without conducting a request for proposal process as set forth in paragraph (c) of this subsection (7.5).

(III) Any municipality or city and county that complies with paragraph (c) of this subsection (7.5) shall not be subject to the provisions of section 31-12-119, C.R.S.

(IV) The requirements set forth in this subsection (7.5) shall not apply to any municipality or city and county that is legally requiring use of or imposing a fee for residential waste services within its jurisdiction pursuant to paragraph (a) of subsection (7) of this section on April 19, 1994, and, having complied with the notice requirements of subsection (6) of this section applicable at the time of the initiation of such residential waste services, chooses to extend the requirement for use of or imposition of the fee for residential waste services to areas within the jurisdiction that have not been annexed after April 19, 1994.

(c) The governing body shall conduct any request for a proposal process required pursuant to this subsection (7.5) as follows:

(I) The governing body shall mail a request for proposals to all private persons who are eligible to submit a proposal. The request for proposals shall include a description of the portion of the jurisdiction to which residential waste services will be provided and shall request a proposed price of providing those services.

(II) When the jurisdiction issuing the request for proposals chooses to submit a proposal, a certification of an independent auditor stating that the public entity's proposed price is not based on subsidization from entity revenue streams or operations unrelated to the provision of waste services shall be appended to the proposal.

(III) Following review of all proposals properly submitted, the governing body shall award a contract for the provision of residential waste services based upon the criteria set forth in the request for proposals.

(d) As used in this subsection (7.5), "residential waste services" means the collection and transportation of ashes, trash, waste, rubbish, garbage or industrial waste products, or any other discarded materials from sources other than industrial or commercial establishments or multifamily residences of eight or more units.

(7.7) (a) If the governing body of a jurisdiction selects a proposal submitted by the jurisdiction, any private person who

submitted a proposal may request a review of the selection as provided in this subsection (7.7). A request for review shall be submitted to the governing body in writing within ten days following selection of the jurisdiction's proposal. The filing of a request shall suspend the award until the completion of the review provided in this subsection (7.7).

(b) (I) Upon receipt of a request, the governing body, or its designee, shall promptly select a reviewing auditor to conduct the review. The reviewing auditor shall commence and complete its review as expeditiously as practicable.

(II) As a part of that review, the reviewing auditor shall afford the person who submitted the request for review the opportunity to present the reviewing auditor his or her views with respect to the governing body's determination, subject to any reasonable procedures, guidelines, and limitations as the reviewing auditor may prescribe, including but not limited to requiring that those views be expressed in writing and submitted by a specific date and time. No person shall be permitted to alter any previously submitted proposal in any respect.

(III) The reviewing auditor shall review each of the proposals submitted, but the review shall be limited to determining:

(A) Whether the selection of the jurisdiction's proposal was made in a manner contrary to the procedure set forth in subsection (7.5) of this section or in the request for proposals;

(B) Whether the selection of the jurisdiction's proposal was clearly erroneous in light of the criteria set forth in the request for proposals; and

(C) Whether the certification of an independent auditor provided pursuant to subparagraph (II) of paragraph (c) of subsection (7.5) of this section is materially inaccurate.

(IV) Should the reviewing auditor find that the governing body's selection of a proposal was improper, the determination of the governing body shall be void, and the governing body shall reconsider as expeditiously as is practicable all proposals timely submitted and determine which proposals it will accept, giving due regard to the determination of the reviewing auditor. No person shall be entitled to alter any previously submitted proposal in any respect. If the reviewing auditor finds that the governing body's selection of a proposal was proper, the selection shall be valid and conclusive and shall not be subject to further challenge or review.

(V) The reviewing auditor's fee for performing a review pursuant to this subsection (7.7) shall be paid by the private person requesting the review; except that, if the governing body's selection of a proposal is found to be improper by the reviewing auditor, the municipality or city and county shall pay the fee.

(c) As used in this subsection (7.7), a reviewing auditor shall be a qualified, licensed, independent public accountant or

public accounting firm selected by the governing body and shall certify to the governing body in writing that it is not being retained currently, has not been retained within the previous five years, and currently has no basis for believing it will be retained in the future by the governing body, any persons who have submitted proposals, or, to the accountant's or firm's knowledge after due inquiry, any of the governing body's or person's affiliates, partners, or relatives for the performance of accounting or other services.

(8) No ordinance, resolution, rule, regulation, service, function, or exercise of an authorized power pursuant to this section or section 30-11-101 (1) (f) or (1) (g) or 30-11-107 (1) (u), (1) (w), (1) (y), (1) (z), or (1) (bb) or 25-1-507 (1) (g) or (1) (h) or 25-1-711 (1) (d) or (1) (e), C.R.S., shall apply within the corporate limits of any incorporated municipality, nor to any municipal service, function, facility, or property whether owned by or leased to the incorporated municipality, outside the municipal boundaries, unless the municipality consents. If the municipality consents that any ordinance, resolution, rule, regulation, service, function, or exercise of an authorized power shall apply within the municipality or to municipal services, functions, facilities, or property outside the municipal boundaries, such ordinance, resolution, rule, regulation, service, function, or exercise of an authorized power shall be uniform within the municipality and the applicable unincorporated areas of the county, unless the county and the municipality agree otherwise pursuant to part 2 of article 1 of title 29, C.R.S.

(9) (a) No ordinance, resolution, rule, regulation, service, function, or exercise of an authorized power pursuant to this section shall apply within the jurisdictional boundaries of any special district enumerated in this subsection (9), nor to any special district service, function, facility, or property whether owned by or leased to the special district outside the special district boundaries if such ordinance, resolution, rule, regulation, service, function, or exercise of an authorized power would duplicate or interfere with any service or facility authorized and provided by such special district or contravene any power authorized and exercised by such special district, unless the county is specifically empowered by law to exercise authority with respect thereto, or the county and the special district agree otherwise pursuant to part 2 of article 1 of title 29, C.R.S.

(b) For purposes of this subsection (9), "special district" means any special district established pursuant to article 1 of title 32, C.R.S., the three lakes water and sanitation district established pursuant to article 10 of title 32, C.R.S., the urban drainage and flood control district established pursuant to article 11 of title 32, C.R.S., any metropolitan sewage disposal district established pursuant to part 4 of article 4 of title 32, C.R.S., any drainage district established pursuant to article 20 of title 37, C.R.S., the Cherry Creek basin water quality authority established pursuant to article 8.5 of title 25, C.R.S., any regional service authority established pursuant to article 7 of title 32, C.R.S., and the regional transportation district

(II) In case such assessment is not paid within a reasonable time specified by ordinance, it may be certified by the clerk to the county treasurer who shall collect the assessment, together with a ten percent penalty for cost of collection, in the same manner as other taxes are collected. (2) The administration and regulation of this section 9 shall be under an appointed limited gaming control commission, referred to in this section 9 as the commission; said commission to be created under such official or department of government of the state of Colorado as the general assembly shall provide by May 1, 1991. Such official or the director of the department of government shall appoint the commission by July 1, 1991. The commission shall promulgate all necessary rules and regulations relating to the licensing of limited gaming by October 1, 1991, in the manner authorized by statute for the promulgation of administrative rules and regulations. Such rules and regulations shall include the necessary defining of terms that are not otherwise defined.

(5) (a) Up to a maximum of forty percent of the adjusted gross proceeds of limited gaming shall be paid by each licensee, in addition to any applicable license fees, for the privilege of conducting limited gaming. Such percentage shall be established annually by the commission according to the criteria established by the general assembly in the implementing legislation to be enacted pursuant to paragraph (c) of this subsection (5). (b) If approval of limited gaming is not obtained when the question is first submitted to the electors, the question may be submitted at subsequent elections held in accordance with paragraph (d) of this subsection (6); except that, once approval is obtained, limited gaming shall thereafter be lawful within the said city, town, or unincorporated portion of a county so long as the city, town, or county remains among those with constitutional authority for limited gaming within their boundaries.

(c) Nothing contained in this subsection (6) shall be construed to limit the ability of a city, town, or county to regulate the conduct of limited gaming as otherwise authorized by statute or by this constitution.

(d) (I) The question submitted to the electors at any election held pursuant to this subsection (6) shall be phrased in substantially the following form: "Shall limited gaming be lawful within ?"

such approval is acquired in an election in the unincorporated area of a county.

(III) If approval of limited gaming is not acquired when the question is first submitted in accordance with this subsection (6), the question may be submitted at subsequent elections so long as at least four years have elapsed since any previous election at which the question was submitted.
