38-6-102. Criminal investigation division - Workers' compensation fraud investigation unit - Criminal intelligence unit.

(a) The criminal investigation division shall consist of not less than six (6) persons who shall be experienced in the detection of crime and in criminal work generally. The director, with the approval of the governor, however, may increase the number of persons employed in the criminal investigation division, to such number as may be found to be feasible and necessary. At least two (2) of such criminal investigators shall be normally detailed to service in each grand division of the state, but the director shall have power to detail any and all such investigators to service in grand divisions in case of emergency. The director, upon the request of the district attorney general of any judicial district, may assign such criminal investigators to aid such district attorney general in the investigation of any crime committed in the district attorney general's judicial district, but only when the district attorney general requests such aid. When detailed by the director to aid the district attorney general as aforementioned, such criminal investigators shall have full power to issue subpoenas for witnesses, serve the subpoenas, administer oaths to such witnesses as they may summon, to take written statements from them and, when so detailed, shall have the same powers with reference to the execution of criminal process, making arrests, and the like, as does the sheriff of the county in which such investigators are at work.
(b) Investigators of the bureau of investigation are authorized, without a request from the district attorney general, to make investigations in connection with any matters pertaining to fugitives from justice, the possible commission of any offense prohibited by title 39, chapter 16, part 4, or any other offense involving corruption of or misconduct by a public official, and investigations pertaining to the employees or prospective employees of the bureau or the department of safety and all activities concerning organized crime. For the purposes of this section, "organized crime" is defined as the unlawful activities of the members of an organized, disciplined association engaged in supplying illegal goods and services, including, but not limited to, gambling, prostitution, loan sharking, narcotics, labor racketeering, and other unlawful activities of members of such organizations. The bureau is authorized to investigate allegations of felonious conduct resulting in serious bodily injury to a state inmate who is housed in a county or private correctional facility where the alleged perpetrator is an official, employee or trustee of the county or the private vendor if, after the district attorney general is notified by the department of correction of such felonious conduct, the district attorney general refuses to request the bureau to make an investigation. The bureau shall forward the results of any such investigation to the department of correction and the district attorney general. The bureau also is authorized, upon the request of the governor, the attorney general and reporter, any member of the board, the commissioner of correction or a district attorney general to conduct investigations into allegations of fraud, corruption, or dishonesty involving the granting, revoking or denying of paroles, release classification status or executive clemency of any type. The governor, a district attorney general, the attorney general and reporter, or the board of probation and parole acting at the request of the governor, may request the assistance of the bureau to determine whether any recipient of executive clemency of any type has been or is presently abiding by the terms and conditions imposed upon the governor's granting of executive clemency of any type. However, the bureau shall coordinate its activities whenever possible with municipal, county, and federal police agencies with emphasis toward providing strike force capabilities to high crime areas within the state. The bureau shall continue to utilize the communications systems of the department of safety.

(c) Whenever a district attorney general may refuse or neglect to present the results of any investigation undertaken hereunder to a grand jury, the director or the director's designated representative may appear before the grand jury and seek a presentment, and the grand jury shall have the power to issue compulsory process for the appearance of witnesses. In the event the grand jury returns a presentment and the district attorney general refuses to prosecute, the director may petition for the appointment of a district attorney general pro tempore as provided for in § 8-7-106.

(d) There is established within the criminal investigation division a special workers' compensation fraud investigation unit. This unit shall investigate cases of workers' compensation fraud under title 50, chapter 6, referred by the department of commerce and insurance and the department of labor. The unit shall work in cooperation with the fraud unit of the department of commerce and insurance, the department of labor, the district attorneys general and other law enforcement agencies. A summary of the unit's work shall be included in the bureau's annual report.

(e) The director of the Tennessee bureau of investigation shall cause to be established within the criminal investigation division a criminal intelligence unit (CIU). It shall be the responsibility of the CIU, through the automated criminal intelligence system of Tennessee (ACIST), as well as through criminal investigators assigned to each of the bureau's four regional offices, to gather and maintain criminal intelligence on criminal gang activity. Intelligence collected pursuant to this section shall be reviewed for compliance with 28 CFR Part 23.20 and shall be disseminated to local, state, and federal law enforcement agencies pursuant to 28 CFR Part 23.20. The bureau shall analyze all criminal intelligence collected, and shall compile statistical information for dissemination through the national incident-based reporting system (NIBRS) and the bureau's annual report.

(b) If a buyer or lessee is induced by a violation of this section to enter into a consumer sale, consumer credit sale or consumer lease, then such transaction is hereby declared to be a lottery and the agreement is unenforceable by the seller or lessor, and the buyer or lessee, at the buyer's or lessee's option, may rescind the agreement or retain the goods delivered and the benefits of any services performed, without any obligation to pay for them.

TITLE 67. TAXES AND LICENSES

CHAPTER 4. PRIVILEGE AND EXCISE TAXES

PART 5. GENERAL REVENUE LAW – PRIVILEGES TAXABLE BY STATE AND LOCAL GOVERNMENTS

67-4-507. Coin-operated amusement devices.

(a) As used in this section, unless the context otherwise requires:
(1) "Coin-operated amusement device" or "device" means any coin or token operated game, machine or device which, as a result of depositing a coin, token or other object, automatically or by or through some mechanical or electronic operation involving skill, chance, or a combination thereof, affords music, amusement, or entertainment of some character without vending any merchandise. "Coin-operated amusement device" includes, but is not limited to, the following: coin-operated pool tables, juke boxes, video games which may require the operation of buttons, sticks, knobs or the like, video amusement machines, video card games and video educational devices. Such "coin-operated amusement device" does not include any bona fide merchandise vending machines as defined in § 67-4-506, or any device operated for the purpose of unlawful gambling, or a pinball machine as defined in § 39-6-631 [repealed], or an individually owned amusement device located in a private dwelling and intended for the exclusive private enjoyment of the owner and the owner's guests and not used or operated for gain, profit or other commercial purpose; provided, that for purposes of this section, such machines shall be categorized as follows:
(A) "Class I coin-operated amusement device" means any coin-operated video game designed and manufactured for bona fide amusement purposes which contains a free play feature that entitles the player to replay the game or device at no additional cost; and
(B) "Class II coin-operated amusement device" means any coin-operated game or device that is not defined as a Class I amusement device by the provisions of subdivision (a)(1)(A);
(2) "Commissioner" means the commissioner of revenue or the commissioner's designee;
(3) "Department" means the department of revenue;
(4) "Owner" means the person, corporation or other legal entity who holds legal title to a coin-operated amusement device as defined herein; and
(5) "Token" means chips, checks or other articles which may be used to operate a coin-operated amusement device.
(b) (1) (A) The owner of any Class I coin-operated amusement device shall pay to the department a tax of
three hundred fifty dollars ($350) for each device owned for the privilege of operating, leasing, subleasing or consigning such device in this state;

(B) There shall be no tax for the privilege of operating, leasing, subleasing or consigning a Class II coin-operated amusement device in this state;

(C) The state tax imposed by this subsection shall be the exclusive tax levied on coin-operated amusement devices. No local government may impose any additional tax, fee, or assessment of any kind on such machines. Nothing contained herein shall affect any person's liability for state or local sales or use tax which is imposed pursuant to chapter 6 of this title for the privilege of selling or using such devices. The receipts from Class I and Class II devices shall not be the basis of tax under chapter 6 of this title.

(2) The tax hereby imposed shall be administered and collected on an annual basis for the privileges described above for the year beginning on July 1 and ending on the following June 30.

(3) The tax shall be paid and a return filed on or before July 20 of each year, for the privileges described above for the year, or any part thereof, in which any such privilege is exercised.

(4) Owners of coin-operated amusement devices who first exercise the taxable privilege with any such device after the beginning of any tax year shall be liable for tax for that year at the time any such device is first used in exercising the taxable privilege at the rate as provided below:

(A) If the privilege is first exercised July 1 through September 30 of any tax year - $100;
(B) If the privilege is first exercised October 1 through December 31 of any tax year - $75.00;
(C) If the privilege is first exercised January 1 through March 31 of any tax year - $50.00; or
(D) If the privilege is first exercised April 1 through June 30 of any tax year - $25.00.

(c) Upon receipt of the tax and return required, the commissioner shall issue tax stamps to the owner for each device for which payment is made. No tax stamp shall be issued for a Class I device until the owner has furnished the commissioner with the serial number of the device upon which the stamp is to be affixed. No tax stamp may be placed on or transferred to a Class I device other than the one for which such stamp was issued. Such stamp shall display the year of validity and be color coded or by some other method easily identifiable to persons enforcing this section. This tax stamp shall constitute proof of payment of the tax imposed, and all devices in use or intended for use which require a tax stamp shall have such stamp affixed to such device. If a Class II device becomes inoperable, is sold, or is stored or otherwise disposed of in such a manner that it is no longer in use or intended for use, the owner of such device may remove the stamp from such device and place it on another device the owner owns that is subject to the tax imposed by this section. This subsection shall not permit the transfer of tax stamps from one owner to another. Any device which is in use or intended for use that does not have a current tax stamp affixed to it shall be subject to confiscation as contraband.

(d) (1) Any person desiring to exercise the privilege taxed herein may pay the department, in lieu of the tax levied in subdivision (b)(1), a special occasion tax of ten dollars ($10.00) for each device owned. Upon receipt of the special occasion tax by the department, the owner shall receive a special occasion stamp covering the privilege of operating, leasing, subleasing or consigning such device for a period not to exceed thirty (30) continuous calendar days from the date of issue of the stamp. The owner of any coin-operated amusement device, by making application for and receiving from the department a special occasion stamp, is precluded from applying for or receiving any other special occasion stamp during the remainder of that privilege tax year.

(2) Upon receipt of the tax and return required, the commissioner shall issue a special occasion tax stamp or license to the owner for each device for which payment is made. Any device which is in use or intended for use that does not have a special occasion tax stamp or license shall be subject to confiscation as contraband.

(3) The commissioner is authorized to promulgate regulations, establish time requirements for payment of the tax and to prescribe the forms for returns necessary to implement the provisions of this subsection.

(e) (1) The commissioner is authorized to administer and collect the taxes provided for herein, pursuant to the provisions of parts 2 and 3 of this chapter and chapter 1, part 14 of this title.

(2) The commissioner is further authorized to prescribe the forms for returns required to be filed by this section and to require such information on the return as, in the commissioner's discretion, may be necessary for the administration of this tax.

(3) Every person subject to the tax imposed by this section shall keep records, render statements or returns under oath, and comply with such rules and regulations as the commissioner may, from time to time, require.

(f) Nothing in this section, including payment of the tax provided for herein, shall be construed to make legal an otherwise illegal device, or to authorize or permit gambling on any device whatsoever.
(g) It is the express intention of this general assembly that nothing in this section shall be construed as empowering or authorizing the levying of or collection of more than one (1) tax of one hundred dollars ($100) per amusement device described as a cylindrical mass shaped like a castle with a seam running down opposite sides of the body, whereby the machine may be opened for servicing and four (4) telephone receivers with corresponding money slots for use commonly referred to and labeled as a "Story Castle."
