Dear Senator Breaux:

It is my understanding that you are one of the members of President Bush's Tax Reform Commission. I am writing to you as a concerned mother, grandmother, great grandmother, so that you are aware of the travesty, abomination, disgrace that is being perpetrated upon the American people by the Internal Revenue Service and Federal Reserve without due process of the law. The IRS and Colorado State Revenue is literally stealing my daughter's and granddaughters' life, liberty, and pursuit of happiness. The IRS letters and demands are outrageous. When written, the letters are never signed by the person that wrote the letter. The letters' fail any due process of law secured under the original Constitution of the united States of America.

As President Bush broadcasts to the nation in his State of the Union Address (What do the elected officials and authorities plan on leaving to our children and grandchildren?) How can you continue to allow the IRS to file illegal Notice of Lien against Americans across the nation? These liens are filed with the Secretaries of the different states, absent a court order and without a signature. When the IRS is caught up there, then the IRS retaliates by filing a NOTICE OF LEVY with American's employer's taking all but a meager \$100.00 of a family man's labor. **THAT IS UNLAWFUL ROBBERY** accepted by unscrupulous, heartless, unconscious, individuals taking emolument from government coffers. All of these illegal notices, are mailed without being signed and sent under the penalty of perjury.

Now that the cat is out of the bag, we expect President Bush's TAX REFORM COMMISSION to abolish the unlawful IRS and Federal Reserve.

Our children can not stand anymore living without the full benefit of their father's labor. Please give me the courtesy of reply.

Sincerely,

Arleen Miller

Arleen Miller, mother, grandmother, great grandmother

P.S.

Honest people will not accept the treasonous activity perform by the IRS and DOJ to be enforced on the employee of America by unknowledgeable barbaric IRS hit-men.

Sincerely

Phillip Miller, father, grandfather, great grand father
