PRESIDENT'S ADVISORY
PANEL
ON
FEDERAL TAX REFORM

March 11, 2005 2005 MAR 28 P 4: 05

The President's Advisory Panel on Federal Tax Reform
1440 New York Avenue NW , Suite 2100
Washington, DC 20220

The President's Advisory Panel on Federal Tax Reform:

In the past, myself and other constituents personally hand delivered documentation regarding the unlawful practices of the IRS to our Senators. I am holding evidence as to that occurrence.

In the past, I took part in a concerted effort with an organization called We The People for Constitutional Education. We practiced our 1st amendment rights. We asked the government to answer questions regarding the unlawful practices of the IRS.

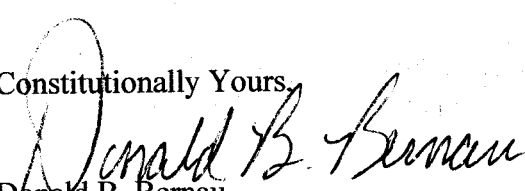

It is your duty to be knowledgeable in the area which you have taken responsibility. I recommend a forum with knowledgeable and informed individuals. Preferably persons well known as being patriots in the tax honesty movement. We The People for Constitutional Education are aligned with such individuals whom have such knowledge. Please don't try to fix something that you're not thoroughly knowledgeable in. I'd rather have the most experienced mechanic work on my car than the inexperienced one. Get some advice. Don't give us an unconstitutional income tax system which supports an oversized and largely unconstitutional government which we currently have.

Also if you yourselves haven't the courage or integrity to follow the Constitutional, please find persons that can.

Don't forget we the people have God given and constitutional rights. You have taken the oath of office to defend the constitution, not the beliefs of the status quo.

I hope you have the strength and courage to follow your heart.

Constitutionally Yours,

Donald B. Bernau
