Mr. Jeff Kupfer
The President's Advisory Panel on Federal Tax Reform
1440 New York Avenue NW
Suite 2100
Washington, DC 20220

Dear Jeff:

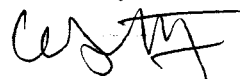

Enclosed is a copy of the CD that Mr. Linder mentioned to Senators Breaux and Mack. It is good FairTax 101 primer, though it has a tough time capturing the dynamism of the idea.

I have also enclosed a four page summary of the driving forces behind the FairTax. It serves as memorial of the bulk of the topics that were discussed in our recent meeting.

While Mr. Linder would welcome the Panel's endorsement, he would also welcome criticism. If you have any thoughts or insights that impact the FairTax, I hope that you will pass them back to us.

It was pleasure meeting you. Good luck with your aggressive agenda.

Sincerely,

W. Robert Woodall
Chief of Staff to
Congressman John Linder
