Dear Advisory Panel,

Please do not count me out because

I Am printing by hand!

My Tax Reform Ideas are:

Give Federal, City + County tax breaks to people with

NO CHILDREN who pay TONS OF EXTRA TAXES TO SCHOOLS.

2) Give some Tax breaks to VISTA/Peace Corps Volunteers or Volunteers who dedicate time and money to many people + animals + causes for environmental PROTECTION!

Volunteer who make sacrifices for others - people, animals and/or the environment are who I am speaking for.

Also Vista Volunteers serve + served their country just as the military people do.

The Military get schooling + homes with 'cheap loans' or tax breaks for them + their family.

I have worked since I was 16 and paid taxes. I volunteer + donate money. Our Income tax system + City + County Tax
