PRESIDENT'S ADVISORY
PANEL
ON FEDERAL TAX REFORM

2005 APR 21 A 10:42

April 15, 2005

The President's Advisory Board on Federal Tax Reform
1440 New York Avenue, N. W.
Suite 2100, Washington, D.C. 20220

Dear Advisory Board:

It is only fitting that I write you today, April 15, after Mrs McCulloch has spent untold hours, obtained untold documents from the IRS, and developed much stress in completing our tax returns. As the bumper sticker on our automobile states "let's make April 15 just another day". Patch working the present tax system is not the answer – the present system is too hopelessly complex. How about a straight consumption tax with no exemptions, no deductions, and a rebate for a base level of expenditures? That is both simply understandable and fair.

I support tax reform by endorsing the HR25/SB25 Fair Tax Act

SINCERELY

John and Pearl McCulloch
