SUPPLEMENTARY INFORMATION:

Background

The National Parks Air Tour Management Act of 2000, enacted on April 5, 2000, as Public Law 106–181 (Pub. L. 106–181), required the establishment of a National Parks Overflights Advisory Group within 1 year after its enactment. The NPOAG was to be a balanced group representative of general aviation, commercial air tour operations, environmental concerns, and Indian tribes. The duties of the NPOAG included providing advice, information, and recommendations to the Director, NPS, and to the Administrator, FAA, on the implementation of Public Law 106–181, on quiet aircraft technology, on other measures that might accommodate interests to visitors to national parks, and, at the request of the Director and Administrator, on safety, environmental, and other issues related to commercial air tour operations over national parks or tribal lands.

On October 10, 2003, the Administrator signed Order No. 1101–138 establishing the NPOAG as an aviation rulemaking committee. The current members of the NPOAG ARC are Heidi Williams (general aviation), Richard Larew, Elling Halvorson, and Alan Stephen (commercial air tour operations), Chip Dennerlein and Charles Maynard (environmental interests), and Germaine White and Richard Deetrack (Indian tribes). The FAA and NPS are soliciting two additional members to represent environmental interests.

Agenda for the November 7–8, 2005 Meeting

The NPOAG ARC will review tribal issues, prevention and mitigation of significant adverse environmental impacts, modifications to interim operating authority, new entrant operators and increased operations of existing operators, and quiet technology. A final agenda will be available the day of the meeting.
