CHAIRPERSON JAMES: Indian subcommittee?

COMMISSIONER MOORE: We don’t have a report this date, but we will have a report, I believe, for our meeting for the report committee to look at and discuss if they would like in the early part of April when we meet.

Again, I would just like to say that Mr. Loescher and Mr. Wilhelm and I are still on speaking terms.

(Laughter.)

COMMISSIONER MOORE: In fact, we are probably growing closer and closer.

I would just like to say one thing. You know, you always like to think that you have a hard job. Everyone tells me how much they work, but this is a delicate topic, as all of you know, but I believe that we will come out with a report that all of us can be proud of. That’s our goal.

CHAIRPERSON JAMES: And I have every confidence that we will.

Any further discussion or business to come before the Commission?

(No response.)

CHAIRPERSON JAMES: I want to make sure you have ample time. Any other?

(No response.)

CHAIRPERSON JAMES: Nothing.

With that, this Commission meeting is called to an end.

Thank you.
