

## Appendix F: National Health Care Polls and Survey Reports Related to the Working Group Analyses

<b>Polling Organization</b>	<b>Date</b>	<b>Survey</b>
<b>ABC News/Washington Post Poll</b>	<b>October 2003</b>	A national survey of a sample of 1,000 adults was conducted from October 9-13, 2003; the survey field work was managed by TNS Intersearch. <a href="http://webapp.icpsr.umich.edu/cocoon/ICPSR-STUDY/03942.xml">http://webapp.icpsr.umich.edu/cocoon/ICPSR-STUDY/03942.xml</a>
<b>America's Health Insurance Plans: Post Election Health Care Priorities Survey</b>	<b>November 2004</b>	This survey was conducted by Ayres, McHenry & Associates, from November 3 – 4, 2004. It was based on telephone interviews with adults who voted in the 2004 presidential election national sample of 1,000. <a href="http://www.ahip.org/content/default.aspx?bc=39%7C4176">http://www.ahip.org/content/default.aspx?bc=39%7C4176</a>
<b>Americans for Health Care and Center for American Progress</b>	<b>November 2005</b>	This national survey was conducted November 15-22, 2005, there were 1,104 adult respondents. <a href="http://www.americanprogress.org/atf/cf/%7BE9245FE4-9A2B-43C7-A521-5D6FF2E06E03%7D/HEALTHCARE_TOPLINES.PDF">http://www.americanprogress.org/atf/cf/%7BE9245FE4-9A2B-43C7-A521-5D6FF2E06E03%7D/HEALTHCARE_TOPLINES.PDF</a>
<b>By the People: National Deliberative Poll</b>	<b>November 2005</b>	This poll was conducted by Stanford University's Center for Deliberative Democracy. 981 adult Americans completed pre and post experiment questionnaires. For a summary of the survey results use the following link: <a href="http://cdd.stanford.edu/polls/btp/2005/btp-poll-results.pdf">http://cdd.stanford.edu/polls/btp/2005/btp-poll-results.pdf</a> ; for more information regarding the Deliberative Poll questions use the following link <a href="http://www.pbs.org/newshour/btp/pdfs/onlinepollsignificantchanges.pdf">http://www.pbs.org/newshour/btp/pdfs/onlinepollsignificantchanges.pdf</a>
<b>California Healthcare Foundation: National Consumer Health Privacy Survey</b>	<b>November 2005</b>	This survey was a collaboration between Forrester Research and the California Healthcare Foundation. Forrester surveyed 2,100 U.S. adults; the final survey included 1,000 national respondents and an additional 1,000 oversampled California residents. <a href="http://www.chcf.org/topics/view.cfm?itemID=115694">http://www.chcf.org/topics/view.cfm?itemID=115694</a>
<b>CBS News/New York Times</b>	<b>January 26, 2006</b>	Poll: "Bush's Approval Remains Low: Heading into the State of the Union, Just 42 Percent Approve of President." This survey was conducted January 20 – 25, 2006. There were 1229 respondents nationwide. <a href="http://www.cbsnews.com/stories/2006/01/26/opinion/polls/main1243679.shtml">http://www.cbsnews.com/stories/2006/01/26/opinion/polls/main1243679.shtml</a>
<b>CBS News/New York Times Poll</b>	<b>June 17, 2005</b>	Survey of 1,111 adults, conducted June 10 – 15, 2005. <a href="http://www.nytimes.com/packages/html/politics/20050617_poll/20050617_poll_results.pdf">http://www.nytimes.com/packages/html/politics/20050617_poll/20050617_poll_results.pdf</a>
<b>CBS News/New York Times</b>	<b>May 13, 2003</b>	See CBS News online (May 13, 2003), "Poll: Economy Remains Top Priority." This poll was conducted by CBS News and the New York Times from May 9 – 12, 2003. It was based on telephone interviews with a national sample of 910 adults. <a href="http://www.cbsnews.com/stories/2003/05/13/opinion/polls/main553730.shtml">http://www.cbsnews.com/stories/2003/05/13/opinion/polls/main553730.shtml</a>
<b>CBS News/New York Times Poll</b>	<b>March 1993</b>	This was a survey conducted by CBS News and the New York Times from March 28 – 31, 1993. It was based on telephone interviews with a national adult sample of 1,368.
<b>Center for Studying Health System Change, Issue Brief No 95</b>	<b>May 2005</b>	"An Update on Americans' Access to Prescription Drugs." Findings from the 2001 and 2003 HSC CTS Household Survey. The 2001 survey had a response rate of 59 percent and contains information from more than 46,400 persons 18 years or older. The 2003 survey, with a 57 percent response rate, includes data from more than 36,500 adults. <a href="http://www.hschange.com/CONTENT/738/">http://www.hschange.com/CONTENT/738/</a>
<b>Center for Studying Health System Change, Issue Brief No 94</b>	<b>March 2005</b>	"More Americans Willing to Limit Physician-Hospital Choice for Lower Medical Costs." Findings are based on the CTS Household Survey, a nationally representative telephone survey conducted in 1996-97, 1998-99, 2000-01 and 2003. <a href="http://www.hschange.com/CONTENT/735/">http://www.hschange.com/CONTENT/735/</a>
<b>Center for Studying Health System Change (HSC), Issue Brief No 85</b>	<b>June 2004</b>	"Tough Trade-offs: Medical Bills, Family Finances and Access to Care." Findings from the 2003 HSC Community Tracking Study (CTS). The survey contains information on about 25,400 families and 46,600 persons, and the response rate was 57 percent. <a href="http://www.hschange.com/CONTENT/689/">http://www.hschange.com/CONTENT/689/</a>

<b>Commonwealth Fund/Harris Interactive Poll, Public Views on Shaping the Future of the U.S. Health Care System</b>	<b>August 2006</b>	Survey of 1,023 adults conducted by Harris Interactive. "Public Views on Shaping the Future of the U.S. Health Care System." <a href="http://www.cmf.org/usr_doc/Schoen_publicviewsfuturehltsystem_948.pdf">http://www.cmf.org/usr_doc/Schoen_publicviewsfuturehltsystem_948.pdf</a>
<b>Commonwealth Fund 2005 International Survey on Sicker Adults</b>	<b>November 3, 2005</b>	"Taking the Pulse of Health Care Systems: Experiences of Patients with Health Problems In Six Countries." Article in Health Affairs – Web Exclusive: Patients' Experiences by Schoen, Osborn, Huynh, Doty, Zapert, Peugh, and Davis. Includes 700-750 adults in Australia, Canada and New Zealand; and 1,500 or more in the United Kingdom, United States, and Germany. Interviews were conducted by telephone between May 9 and May 17, 2005 in the five English speaking countries and between May 9 and June 12, 2005 in Germany. The margin of sample error was approximately plus or minus 4 percent. <a href="http://www.cmf.org/Publications/publications_show.htm?doc_id=313012">http://www.cmf.org/Publications/publications_show.htm?doc_id=313012</a>
<b>Commonwealth Fund 2001 Health Insurance Survey</b>	<b>April – July 2001</b>	This survey was conducted by Princeton Survey Research Associates from April 27 through July 29, 2001. It consisted of 25 minute telephone interviews of a national sample of 3,508 adults; the margin of sampling error was plus or minus 2.0 percentage points. <a href="http://www.cmf.org/surveys/surveys_show.htm?doc_id=230522">http://www.cmf.org/surveys/surveys_show.htm?doc_id=230522</a>
<b>Democratic Leadership Council Poll</b>	<b>July 2002</b>	This survey was conducted by Penn, Schoen & Berland Associates between July 13 – July 15, 2002 and was based on interviews with a sample of 800 adults. <a href="http://www.kaisernetwork.org/health_poll/hpoll_index.cfm">http://www.kaisernetwork.org/health_poll/hpoll_index.cfm</a>
<b>Employee Benefit Research Institute: 2000 – 1998 Health Confidence Surveys</b>	<b>November 2000, September 1999, April 1998</b>	The 2000 Survey was conducted between April 26 and May 28, 2000 with 1,001 individuals; the 1999 survey was conducted May 13 and June 14, 1999 with 1,001 individuals; the 1998 survey was conducted February 1998 with 1,002 individuals. Each survey incorporated twenty-minute telephone interviews with adults ages 21 and older. <a href="http://www.ebri.org/surveys/hcs/">http://www.ebri.org/surveys/hcs/</a>
<b>Employee Benefit Research Institute: 2001 Health Confidence Survey</b>	<b>October 9, 2001</b>	"Americans' Satisfaction With Health Care Rises, But Pessimism About Future Remains." This survey was conducted between April 17 and May 27, through 20-minute telephone interviews with 1,001 individuals 21 and older. <a href="http://www.ebri.org/surveys/hcs/2001/">http://www.ebri.org/surveys/hcs/2001/</a>
<b>Employee Benefit Research Institute: 2002 Health Confidence Survey</b>	<b>September 25, 2002</b>	"Confidence & Satisfaction in Health Care System Show Little Change Over Time, But Americans Still Worry About Its Future." This survey was conducted between April 18 and May 19, 2002, through 20-minute telephone interviews with 1,000 individuals ages 21 and older. Random digit dialing was used to obtain a representative cross section of the U.S. population. <a href="http://www.ebri.org/surveys/hcs/2002/">http://www.ebri.org/surveys/hcs/2002/</a>
<b>Employee Benefit Research Institute: 2003 Health Confidence Survey</b>	<b>September 29, 2003</b>	"Workers Worry About Losing Job Health Coverage; Express Growing Enthusiasm for Government Plan." This survey was conducted between April 24 and May 24, 2003, through 20 minute telephone interviews with 1,002 individuals age 21 and older. <a href="http://www.ebri.org/surveys/hcs/2003/">http://www.ebri.org/surveys/hcs/2003/</a>
<b>Employee Benefit Research Institute: 2004 Health Confidence Survey</b>	<b>October 28, 2004</b>	"Americans Cut Savings To Pay Rising Health Bills, Fears Future Cost, Access Problems," The survey was conducted between June 21 and July 23, 2004, through 20-minute telephone interviews with 1,203 individuals ages 21 and older. <a href="http://www.ebri.org/surveys/hcs/2004/">http://www.ebri.org/surveys/hcs/2004/</a>
<b>Employee Benefit Research Institute: Issue Briefs #275</b>	<b>November 2004</b>	"Public Attitudes on the U.S. Health Care System: Findings From the Health Confidence Survey." The findings from the 2004 Health Confidence Survey (HCS), which focuses on Americans' satisfaction with the health care system today and their confidence in the system's future. The survey examines Americans' attitudes about employment-based health benefits, health savings accounts, and benefits in the work place. The Issue Brief also looks at long-term trends in satisfaction and confidence with the health care system since the first HCS was conducted in 1998. <a href="http://www.ebri.org/publications/ib/index.cfm?fa=ibDisp&amp;content_id=3507">http://www.ebri.org/publications/ib/index.cfm?fa=ibDisp&amp;content_id=3507</a>

<b>Employee Benefit Research Institute: 2005 Health Confidence Survey</b>	<b>October 18, 2005</b>	"Most Americans Satisfied With Quality of Health Care But the Public Does Not Link Cost to Quality." This poll was conducted from June 21 to Aug, 6, 2005 through 20-minute telephone interviews with 1,003 individuals age 21 and older. <a href="http://www.ebri.org/surveys/hcs/2005/">http://www.ebri.org/surveys/hcs/2005/</a>
<b>Employee Benefit Research Institute: Issue Briefs #288</b>	<b>December 2005</b>	"Early Experience With High-Deductible and Consumer-Driven Health Plans: Findings From the EBRI/Commonwealth Fund Consumerism in Health Care Survey" this survey was conducted between September 28 and October 19, 2005 through an 18-minute internet survey. The base sample was randomly drawn from Harris Poll Online; slightly more than 1,200 adults were in the sample. <a href="http://www.ebri.org/publications/ib/index.cfm?fa=ibDisp&amp;content_id=3606">http://www.ebri.org/publications/ib/index.cfm?fa=ibDisp&amp;content_id=3606</a>
<b>Gallup Poll, Tuesday Briefing</b>	<b>June 28, 2005</b>	Rick Blizard, "Safety, Security Flatline with Patients: Medical Error Initiatives Fail to Make Patients Feel Safer" <a href="http://www.galluppoll.com/content/?ci=17125&amp;pg=1">http://www.galluppoll.com/content/?ci=17125&amp;pg=1</a> .
<b>Gallup Poll</b>	<b>November 7-10, 2005</b>	This poll is the most recent of the annual polls conducted by Gallup that asks Americans, without prompting to name the most urgent health problem facing the country at the present time. The 2005 survey included 1,011 adults nationwide. <a href="http://www.galluppoll.com/content/default.aspx?ci=20032">http://www.galluppoll.com/content/default.aspx?ci=20032</a>
<b>Gallup Poll: Healthcare Panel: More Information...</b>	<b>November 22, 2005</b>	Gallup Poll of national random sample of 1,010 U.S. adults age 18 and older conducted in September 2005. <a href="http://www.galluppoll.com/content/?ci=19555&amp;pg=1">http://www.galluppoll.com/content/?ci=19555&amp;pg=1</a>
<b>Gallup Poll: Healthcare Panel: Costs More Troubling Than Quality</b>	<b>November 1, 2005</b>	Same poll as above.
<b>Gallup Poll: Healthcare Panel: How Do People Choose Hospitals</b>	<b>October 25, 2005</b>	Same poll as above.
<b>Gallup/CNN/USA Today Poll</b>	<b>January 2000</b>	This survey was conducted for the Cable News Network in conjunction with USA Today. The survey was conducted by the Gallup organization January 13 – 16, 2000. It was based on telephone interviews with a national adult sample of 1,027. <a href="http://www.kaisernetwork.org/health_poll/hpoll_index.cfm">http://www.kaisernetwork.org/health_poll/hpoll_index.cfm</a>
<b>Gallup/Newsweek Poll</b>	<b>March 1993</b>	This was a survey by Newsweek, conducted by the Gallup Organization, March 25 – 26, 1993 and based on telephone interviews with a national adult sample of 755. <a href="http://www.kaisernetwork.org/health_poll/hpoll_index.cfm">http://www.kaisernetwork.org/health_poll/hpoll_index.cfm</a>
<b>Harris Interactive Poll, Health Care News</b>	<b>February 23, 2005</b>	A telephone survey of 1,012 Americans ages 18 and older conducted between February 8-13, 2005. See Alan F. Westin testimony at the hearing on privacy and health information technology <a href="http://www.patientprivacyrights.org">www.patientprivacyrights.org</a> , under News Room. Survey Summary at <a href="http://www.harrisinteractive.com/news/allnewsbydate.asp?NewsID=894">http://www.harrisinteractive.com/news/allnewsbydate.asp?NewsID=894</a>
<b>Harris Interactive Poll: Health Care News</b>	<b>August 10, 2004</b>	"Two in Five Adults Keep Personal or Family Health Records and Almost Everybody Thinks This Is a Good Idea." This survey was conducted online within the United States between July 12 and 18, 2004 among a nationwide cross section of 2,242 adults ages 18 and over. <a href="http://www.harrisinteractive.com/news/allnewsbydate.asp?NewsID=832">http://www.harrisinteractive.com/news/allnewsbydate.asp?NewsID=832</a>
<b>Harvard School of Public Health and Robert Wood Johnson Foundation: Health &amp; Healthcare Priorities Survey</b>	<b>April 2001</b>	This survey was done by Harvard School of Public Health and the Robert Wood Johnson Foundation. It was conducted by the ICR/International Communications Research from April 25 – May 20, 2001. It was based on telephone interviews with a national adult sample of 1,210. Use <a href="http://www.kaisernetwork.org/health_poll/hpoll_index.cfm">http://www.kaisernetwork.org/health_poll/hpoll_index.cfm</a>
<b>Health Affairs Data Watch Managed Care Web Exclusive</b>	<b>November 10, 2004</b>	"Public Perceptions of Cost Containment Strategies: Mixed Signals for Managed Care," by Schur, Berk, and Yegian. The survey was organized by International Communications Research (ICR). Telephone interviews were conducted from 4–10 August 2004. A random-digit-dialing approach was used by surveyors to interview 2,024 respondents. <a href="http://content.healthaffairs.org/cgi/content/full/hlthaff.w4.516/DC1">http://content.healthaffairs.org/cgi/content/full/hlthaff.w4.516/DC1</a>

<b>Health Affairs Data Watch Children and Elderly Web Exclusive</b>	<b>September 14, 2004</b>	"Americans' Views About the Adequacy of Health Care for Children and the Elderly," by Berk, Schur, Chang, Knight, and Kleinman. The survey was managed by International Communications Research (ICR). Telephone interviews were conducted 4–18 June 2004. A random-digit-dialing approach was used to contact the 2,013 respondents. <a href="http://content.healthaffairs.org/cgi/content/full/hlthaff.w4.446/DC1">http://content.healthaffairs.org/cgi/content/full/hlthaff.w4.446/DC1</a>
<b>Health Affairs Data Watch Chronic Care Policies</b>	<b>July/August 2002</b>	A telephone survey of 51 questions was given to a national sample of 1,663 adults between March and November 2000. The complete article is in <i>Health Affairs</i> , Vol 21, Issue 4, 264-270, can be found using the following links: <a href="http://www.healthaffairs.org/RWJ/Thamer.pdf">http://www.healthaffairs.org/RWJ/Thamer.pdf</a> or <a href="http://content.healthaffairs.org/cgi/reprint/21/4/264.pdf">http://content.healthaffairs.org/cgi/reprint/21/4/264.pdf</a>
<b>Health Affairs Health Tracking Market Watch</b>	<b>March/April 2001</b>	"Patients' Attitudes Toward Cost Control Bonuses For Managed Care Physicians," by Gallagher, St. Peter, Chesney, and Lo, <i>Health Affairs</i> , Volume 20, Number 2, pages 186-192. The survey was conducted the summer of 1998 with a random sample of 3,784 phone numbers, 1,050 people were interviewed. <a href="http://content.healthaffairs.org/cgi/reprint/20/2/186.pdf">http://content.healthaffairs.org/cgi/reprint/20/2/186.pdf</a> or <a href="http://content.healthaffairs.org/cgi/content/abstract/20/2/186">http://content.healthaffairs.org/cgi/content/abstract/20/2/186</a>
